## Customer Reviews

Australian photographer, art director, and food blogger Davies presents a cookbook boasting luscious, arty, food-stylist photographs coupled to recipes for 100 dishes that smack of Irish Down Under influences. Yes, there are quite a few barbie concoctions, shrimp figuring the most likely suspect. There are also variations on the Irish culinary heritage, such as Irish brown bread with smoked salmon and wasabi cream as well as beef and Guinness pie. There are entries in each culinary category – breakfast, lunch, salad, canapés and drinks, dinners, sides and sauces, desserts – represented that present simple seasonal eats. Spicy pumpkin with roasted pepitas and pangrattato, beef and pork sliders, and homemade baked beans on toast are among the enticing dishes. Don't expect to learn completion times or difficulty levels. Rather, just revel in the instructions, which truly reflect a specific procedure's personality.

She's a constant source of inspiration. This book belongs in your kitchen with you." – Deb Perelman, author of The Smitten Kitchen Cookbook "Naturally lit images of food that seem tactile, real, and honest." – Martha Stewart Living "It's simply to die for." – Babble.com

The title was so catchy...I HAD to try it for myself, and I am THRILLED I did. Like another customer said...food porn? I would not go THAT far, but this book is UNIQUE in it's STYLE, it's PHOTOGRAPHY, it's RECIPES, and it's WORDING. I love the introduction by Katie Quinn Dunns. She is REAL, and humorous. One thing I may caution...I would not buy or recommend for the beginner! And that is perfectly okay! I always tell everyone, you need to learn the basics before you start on the harder recipes,- and there are PLENTY of those books available! I LOVE how Katie took each recipe as it was the most IMPORTANT THING TO HER, and showed us in photos, and in the writing of the recipes themselves. This is the most unique Cookbook I have to date, and I will covet it and ENJOY EVERY minute reading, cooking and sharing my love of cooking with others. THANK YOU KATIE QUINN DAVIS for the LOVE you put into every page! IRELAND should be proud of

'THEIR' girl Katie!

I have just purchased my second copy of this book and sent it to my daughter who lives in NY. She received it this morning and sent me a text saying "mum it's amazing". She left it with her boyfriend for a short time, also a food lover, suggesting he mark some of recipes he liked and when she returned he had "marked every page". What I love about this book is the honesty of the recipe description and seasonal focus with ingredients that are not so obscure they would be tricky to source. The photography is painterly and beautiful. Thank you for creating this marvellous work of art .... that can be eaten!

Didn't check enough boxes for me -- BUT it is a beautifully laid out book with scrumptious photos and interesting recipes.

Gorgeous photography and lovely recipes! This is a book to read and savor and then run to the kitchen and bake something delicious! For cookbook "readers" and collectors as well as bakers. Highly recommend!

Was a "must-have" for a culinary school graduate. Enjoy the amazing photography and layout before hardback books are obsolete

This cookery book is just delicious. The pictures are as mouth watering as the actual recipes themselves. I am sold on the art work, recipes, the wonderful stories, and overall design of this cook book. Wonderful, just wonderful.

Eye candy AND fantastic recipes. The few I tried were so yummy!! The photographs are glamorous. Great cookbook. Highly recommended.

One of my favorite cook books - it's also beautiful enough for a coffee table book. Her photography is gorgeous, the type faces used are very hip and the recipes I've made are delicious - it's a win win win for me!
