These were purchased for my granddaughter and my daughter found them more fascinating in terms of the personalities! These are nice quality books either for use or collecting.

My daughter (30 years old) loved this. She's a history major and she loved the detail. She'll never cut them out...she just loves looking at it.

i bought this for my best friend's daughter who is getting married. thought it would be fun. it is, however, the artwork is just fair. so, do not buy this expecting to see a perfect representation.
