Philosophy Here And Now: Powerful Ideas In Everyday Life

Synopsis

Philosophy Here and Now: Powerful Ideas in Everyday Life, Second Edition, is a hybrid text/reader that helps students understand, appreciate, and even do philosophy. The book emphasizes philosophical writing, reinforced with step-by-step coaching in how to write argumentative essays and supported by multiple opportunities to hone critical thinking. It shows students how philosophy applies to their own lives and brings the subject to life with engaging chapter-ending literary selections, abundant illustrations, and a wealth of pedagogical features. FEATURES* A comprehensive introductory chapter lays the groundwork for philosophical thinking* Six types of text boxes--"Philosophy Now," "Philosophers at Work," "Philosophy Lab," "What Do You Believe," "Writing to Understand: Critiquing Philosophical Views," and "Writing to Understand: Arguing Your Own Views" demonstrate the value and relevance of philosophy* Additional pedagogical elements make the material even more engaging and accessible. These include marginal critical-thinking questions, marginal quotes, a timeline, key terms (boldfaced at their first appearance and listed and defined at the end of each chapter), marginal definitions, and a glossary.* Charts, tables, and color photos keep students visually engaged* Fictional or narrative selections--followed by "Probing Questions"--at the end of each chapter explore and dramatize the philosophical issues discussed* A "How to Write a Philosophy Paper" appendix offers concise, step-by-step guidance in crafting an effective philosophical essay

Customer Reviews

"Vaughn has chosen the most important topics in philosophy. His menu cannot be improved upon. With a beautiful opening chapter on the nature of philosophical thinking and remarkably concise

chapters on the most engaging issues in philosophy, and with a nice mix of classic and contemporary philosophers, this is a terrific text. It is visually appealing as well."--Paul Herrick, Shoreline Community College

"Philosophy Here and Now is written in a clear, engaging, and lively style. The author does an excellent job of explaining abstract and conceptually intricate material to novices. The book introduces students to philosophy as a living enterprise, full of intellectual surprises and relevance to everyday human concerns."--Philip Robbins, University of Missouri

"With Philosophy Here and Now, students consistently have a contemporary voice to get them interested in the philosophical issues. The text supplements that voice with excerpts from original texts that are manageable and do not overly test the attention of students."--Joseph A. Baltimore, West Virginia University

"Philosophy Here and Now is written on a student-friendly level. I like how Vaughn has made philosophical issues relevant to everyday life. As a whole I find it the best text I have ever used."--Gary L. Pagels, Northwest Mississippi Community College

"In an introduction to philosophy course it is all too easy to overlook the contributions of minorities in favor of the 'bigger' names. While the 'bigger names' are crucial, they are far from the only voices in philosophy. The author does a good job of balancing these elements."--Jae Jerkins, Tyler Junior College

"Philosophy Here and Now has a lot of extra features that help students to develop a very wide and open perspective on what philosophy is about. Vaughn has the extraordinary ability to explain and to summarize the essence of philosophy in a few words. The detailed and excellent explanation of 'How to Write a Philosophy Paper' and the 'Sample Philosophy Paper' will guide students in writing not just philosophy essays, but also others in different disciplines."--Maria Guadalupe Rojas-Heaton, Cerro Coso Community College

Lewis Vaughn is the author or coauthor of numerous books, including *The Power of Critical Thinking*, Fifth Edition, (2015), *Living Philosophy: A Historical Introduction to Philosophical Ideas* (2014), *Philosophy: The Quest for Truth*, Ninth Edition (2013), *The Moral Life*, Fifth Edition (2013), and *Bioethics: Principles, Issues, and Cases* (2012), all published by Oxford University Press.

As a textbook goes, it wasn't the most boring. But renting from was definitely a good choice. Will be doing again in the Fall!

needed it for class

The exact text book I need for my Intro to Philosophy class and I was able to rent it for 1/4 of the

cost of buying one from my school bookstore.
