# Thug Mentality Exposed Book: California Gang Members Speak Out From Prison

## Synopsis

Hi, This is Rayford L. Johnson the Author of Thug Mentality Exposed and Founder & Director of ThugExposed.Org. I wanted to share with you why I wrote this book, and also tell you a little about myself. I am a former Youth Correctional Counselor of the California Department of Corrections and Rehabilitation, where the book takes center stage. I did that for 13 years, working with 18-25 year-old inmates. In this book I will share with you over 70 hard hitting personal stories from these incarcerated individuals. You will hear their raw and honest stories from their own words, from a mixture of gang members, satanists, pimps, drug dealers, honor students and pastor kids. Thug Mentality Exposed takes the reader to the ancient root of Thug Mentality, traced all the way back to India's infamous and notorious Thuggee Tribe. Then takes the reader up to date to the current gang, street and drug trends. In addition to have been a Correctional Counselor and now a Certified Gang Specialist and Life Skills Instructor. I have also been a photojournalist for over 28 years, freelancing for entertainment publication, celebrity award shows and television entertainment outlets such as BET (show photos). In my journalistic investigations, I have uncovered some dark occultic things about the music industry, which I expose in this book. Such as how the entertainment and ad industry uses scientific and occult info and methods to manipulate and change an individual's belief system, without the individual even knowing. Other topics featured in this 360 page book are; history of the occult, how music can influence behavior and music backmasking, history of drugs, women's attraction to the pimp mentality, the growing homosexual movement in thug culture and more. The book also has a life-skills, personal development segment, which has been utilized as curriculum by correctional, drug treatment and youth programs across the country. Book Reviews (audible) "Powerful!" says Ernest Royal, Co-founder of the Mexican Mafia. Nationally Renown Gang Specialist Mike Ramey says "As a College Instructor on the subject of Modern Street Gangs, I have been blessed and proud to use this book as the textbook for my course. First, it deals with the subject in an honest presentation. Second, it hits firmly on the spiritual side of the gang issue, which is a side that many have missed. You can click the link below and see the numerous testimonies from Adult and Juvenile inmates who have received the book free through the ministry. Most of the info in this book you will not learn in a college psychology classroom, This book has been used as a textbook in college classrooms as a street, gang and thug psychology book. I spent many years gathering this information, through countless interviews and experiences in the trenches of one of the nation's most violent youth correctional facility, N.A. Chaderjian. ## **Customer Reviews**

I appreciate his work and some of the information especially as a officer who works with gang members. The best thing about this book is the comments from the youth and 'some' of the historical facts, otherwise, I felt like if I wanted a bible to read I would have just reached over to my bedside for one. The compare and contrast with some of these behaviors to the bible was way off, and as a lover of Africentric history, psychology and sociology I found the African history aspect not well researched...a sit down with Prof. Runoko Rashidi or even Tariq Nasheed would have been a good start. 25-30% of this book was in regards to the title...

This was a good book- R rated -book gives detail accounts of lives, interviews with the truth

exposed. If you are in the prison ministry or want to understand the life of other people "thugs" it's a good book. Author offers ways of bringing the good news of Jesus Christ to the suffering and helps the reader understand the hearts and minds of those stuck in this world. I read it in one day. The author has good youtubes also, check it out, that's what convinced me to purchase the book.

Fantastic book I would recommend it to anyone seeking insight into the world of demon possession and the part the devil plays in the prevailing thug mentality that saturates today's pop culture.

Ray Johnson's book Thug exposed is an excellent read and gives a lot insight about the music industry and the demonic influence behind it that is progressively sweeping our nation.

I love this book. I purchased a few so that I could share them with others. Very informative and interesting. Young and old will be able to learn and enjoy this book. A Blessing

Excellent book. I will purchase again for some one else I know who can benefit from the reading of the book.

I ordered this book on the basis of the only other review, as well as the fact I did not find any other book as specific to Thug Mentality. Also, based on the same review, I expected this to be the work of a truly socially-conscious individual. When the book came I read first the prefaces and was wonderfully surprised to find the author is a believer in Christ, as well as someone who knows his calling. If you or your loved one is in any way involved (even if its only your suspicion) with the thug culture, then this book is a must for you. However, I want to caution you not to read this as a means to take your new knowledge and hound or throw it in the face of your loved one. The thug culture and Thug Mentality are akin to some of the most evil & powerful cults in the world. Don't try to take this on without a firm belief into the Lord Jesus Christ and the power of His name, combined with prayer and total surrender to God the Father - the One Creator of heaven & earth. If you or your loved one have been involved in the Thug Mentality for more than a few months it is quite likely they have at least begun to be brainwashed by this truly ancient form of occultic mind control. My advise is to buy this book and either get and/or keep a very close walk with the Father, Son & Holy Spirit.

Thug Mentality Exposed is a powerful expose of the origins of the deadly gangs that plague our society. This book truly goes after the core roots of where gangs originated, including spiritual

influences that play a pivotal role in influencing naive teenagers down a path of destruction. Rayford Johnson's expertise as a correctional officer and gang expert really comes to the forefront as he ties in his first-hand experiences with gang members through the interviews that he conducted with them. What better way to find out about the mentality behind thugs than to dissect their mindsets? This book could easily be taught as a manual in how to effectively deal with gang influence because it was written by a bonafide professional who possesses mastery of his subject. This manuscript is clearly a must-read for anyone who desires to learn more about the origins of the mindset that gangsters blindly embrace and how to help them look deeply at themselves in order that they can find a way out of their destructive lifestyles. Victor Torres 17-Time National & International Award-Winning Counselor, Teacher, Speaker & Author Armed4Battle.com Author of Perfect Love Casts Out All Fear & Armed for Battle and Destined for Glory
