# All's Well: Where Thou Art Earth And Why

#### Synopsis

A freewheeling rollick through the history and future of our species, All s Well. Where Thou Art Earth and Why blends philosophy, metaphysics and ethics into an original and lyrical meditation on refining our place in the universe.150 generations out of the caves, we think we know our place in the vastness of the cosmos. Only 100 years ago we hardly knew that our Sun is just another star. Today, we still believe we re the most intelligent beings to exist. Yet simple arithmetic suggests there are at least 10 trillion thoughtful species elsewhere. We re not alone in the universe, just lonely: when we sufficiently mature, others may be in touch. All s Well suggests that this maturation will be deeply rooted in our acknowledgement that A Â-A Â-A Â-at our core we are vessels of consciousness, astonishment and love. With this positive summary of the human condition, Lefebvre argues that the United States foundational ideals form the correct basis for a set of Universal Rights and Responsibilities, excepting that they never were, and still are not yet, universal. Moreover, says Lefebvre, when those with privilege accept accessible freedoms while being careless with those who have not been so fortunate, they have not earned such freedom but are merely taking liberties. Even these liberties come with responsibilities: to protect all humans from deprivation, and all the natural bounty from degradation. To accept that these responsibilities have no borders, and to act accordingly, has never been more pressing. Interweaving small, autobiographical glimpses of Lefebvre s remarkable life and career, All's Well is nevertheless a story of us all, providing a rare and lyrical perspective on humankind and what both parts of that word truly mean.

John Lefebvre is a Canadian musician, composer, author, entrepreneur, retired lawyer and philanthropist. He is co-founder of DeSmog Blog, a former director of the David Suzuki Foundation, founding director of the David Suzuki Institute and a founding supporter of The Dalai Lama Centre for Peace and Education. He lives on Salt Spring Island, British Columbia, with his family.

I loved reading this book for its profound and thoughtful message about how to live with kindness and love and even to acknowledge a consciousness inclusive of all beings including Earth itself. The author refers to great thinkers, concepts of law and ethics and the idea of  $\tilde{A}f\hat{A}\phi\tilde{A} \ \hat{a} \neg \tilde{A} \ \hat{A}^{"}$ Universal Rights and Responsibilities $\tilde{A}f\hat{A}\phi\tilde{A} \ \hat{a} \neg \tilde{A} \ \hat{A}^{*}$  that he hopes will be adopted truly and fully. These universalities, he believes, underlie the democratic ideals associated with the founding of the United States. Why are these not fully realized? Lefebvre says this due to inequality, a lack of sharing, the abuse of public authority and some, not all,  $\tilde{A}f\hat{A}\phi\tilde{A} \ \hat{a} \neg \tilde{A} \ \hat{A}^{"}$ wealthy Privateers $\tilde{A}f\hat{A}\phi\tilde{A} \ \hat{a} \neg \tilde{A} \ \hat{A}^{*}$  who ignore rights and responsibilities while

they enjoy  $\tilde{A}f\hat{A}\phi\tilde{A} \ \hat{a} \neg \tilde{A} \ \hat{A}$ "country club comfort $\tilde{A}f\hat{A}\phi\tilde{A} \ \hat{a} \neg \tilde{A} \ \hat{A} \cdot \tilde{A}f\hat{A}\phi\tilde{A} \ \hat{a} \neg \tilde{A} \ \hat{a} \cdot \hat{n}$  other words a massive failure of consciousness and maturity. Ignorance can be deliberate, he explains,  $\tilde{A}f\hat{A}\phi\tilde{A} \ \hat{a} \neg \tilde{A} \ \hat{A}$ "while hundreds of millions stumble, stagger and starve. $\tilde{A}f\hat{A}\phi\tilde{A} \ \hat{a} \neg \tilde{A} \ \hat{A} \cdot The$  urgency of his message and the beauty of his writing convey his hope for human maturation, connection and even the possibility that we might be one among many thoughtful species. Indeed, this book promises we can earn back Eden. I highly recommend this deep and important book.
