Customer Reviews

Jeffrey B. Snyder is an editor, writer, and historical archaeologist currently living in Exton, Pennsylvania.

Good as far as it goes but need a new edition.

It seemed limited on the collectibles shown, and pricing was absent on a lot of items. I was very disappointed.

I havnt read the whole book yet but its very informative and very insightful and would buy again in future

There are many collectibles listed in this book. Also there are good pictures and descriptions. However, some of the best Star Trek collectibles and memorabilia are the Star Trek Autographed Plaques/Items done by "THE SCORE BOARD, INC.", but unfortunately in this book there are not informations about them.

This is a perfect look back over the decades of Star Trek collectibles and toys. It is well organized. Fans of only one series may go directly there and concentrate on those items. General Trekkers will enjoy browsing throughout. It is amazing how many items are listed. It is hard to believe a book would be misjudged on the basis of one small line of items so far on the edge of the field! Get this book!
