"Family tensions and suspicions are adroitly handled, and the solution is characteristically surprising." --New York Times --This text refers to the Audio Cassette edition.

According to the courts, Jacko Argyle bludgeoned his mother to death with a poker. The sentence was life imprisonment. But when Dr. Arthur Calgary arrives with the proof that confirms Jackoââ \neg â,,¢s innocence, it is too lateââ \neg ⠕Jacko died behind bars following a bout of pneumonia. Worse still, the doctorââ \neg â,,¢s revelations reopen old wounds in the family, increasing the likelihood that the real murderer will strike again. --This text refers to the Audio Cassette edition.

Not my favorite of her work by any means. I tend to really enjoy the conversations and I felt like there weren't as many, or maybe it was that the conversations were more stilted and false sounding than other so I didn't appreciate them. I couldn't get into the first character in the book... can't really say more than that. But not my favorite, not as tense/suspenseful as others. Not one of her best, but a good mystery still. One of the few I figured out & fairly early.

This book is an excellent murder mystery. Although I was able to figure out who the murderer was, Mrs. Christie kept me second-guessing myself. It's a must-read!

No one can write a mystery like Christie! I didn't figure out "who done it" and was quite surprised when the murderer was revealed. Many red herrings! An enjoyable read.

An engaging tale of a family shocked to learn their dead soon was innocent of the murder he was advised of but died before the wire was discovered. A thorough profile of each character, the innocent as well as the guilty.

What can one possibly say that has not already been said in praise of Christie? In the word used above -- terrific!

Yet another Christie mystery. A new sleuth -Calgary. Almost a closed room nurder, but it gets resolved in the end. Can you pick the villain?

I am an admirer of Agatha but not this one.
