My son needed it for school. Well worth it.

Not what I expected, very good

I had to write a paper on Frankenstein, and this definitely helped me understand the book a lot better! I was able to understand and look deeper into the book's various themes and important details.

Cliffs Notes are great if your kids need help with their middle or high school reading projects. I read the same books my daughter was assigned so we could discuss them. Thank goodness for CliffsNotes --they always help create and move those discussions along.
