Customer Reviews

I read the reviews and some didn't think this was as good as the first one but even tho it wasn't as full of action as the first it still was good to me! I wanted to see how it went with Keri and Blake and finally Blake found his mate. I loved Blake as much as care it was nice seeing the change in Keri

with her walls coming down and poor Keri about what she did those bad things for, I was so sad about her mom! So glad Scarlett killed her evil father

A spectacular sequel to Alpha. There are many tense moment's that will leave you guessing. I do not recommend reading Fated unless you've read Alpha first because you'll have no idea what's going on. I look forward to reading more book's by Regan in the future, she's a wonderful author.

Kerri is now Alpha of her pack. Blake is her mate. Blake is mad at her because she didn't tell anyone she was the rogue's daughter. Blake is sent to mate with her because it would be able to keep the pack together and the rogue werewolves possibly wouldn't attack them. Blake and Kerri come to love each other and fight the rogue werewolves and kills them with the help of other packs. Kerri knows that one of her friends is going to hate her because she refused to tell him that the wolf that infiltrated the rogue camp is his mate. Good read. Hope to be able to read Blaze and Crystal's story soon. Would like to know what happens with them.

Book two in the series better than book and I loved it. Can't wait for book three and Kyle's story

This book was just as entertaining as the first book in the series. I can not wait to read kyle and crystals story

I liked this book, it kept me guessing. Although the plot of the book is predictable, it's was nice to read from a different characters point of view.

Interesting and well written. Great value for money. It is best to read Forever Book 1 (Alpha) before this to really enjoy the book.

very good read. waiting for the next book in paperback
