## Customer Reviews

In this vibrant edition, newly recolored by the original illustrator, Amelia Bedelia's job search gets her into another homonym hot seat because she does what she's told literally. For example, she gets a job as a file clerk, only she takes out a nail file and shreds the papers she's supposed to file away! The comic convolutions are endless and endlessly enjoyable. Granddaughter loves amelia And now she can hear as often as she likes. Good sound and easy for a,3 year old to use

Love these long time stories. Now I am able to share these with my grands and my adopted little ones. I am happy to have found them here on .

I loved this book when I was young and my daughter now loves it too. Was extremely satisfied with the product

My daughter seems to like it and it makes her read so you can't go wrong there, makes them read , thanks again

As a former teacher, these books are great for getting reluctant and slow readers excited about reading using humor to catch their attention.

There is just something about Amelia Bedelia that I absolutely love. To me, this is surprising due to the fact that she seems so clueless; however, I use her to show my children what we should do VS what we shouldn't do. This story specifically, helped me to show my son that just because someone thinks differently than we do, that doesn't mean that we should just push them aside. Everyone deserves to matter, and if it is at all possible, everyone should always be included.

I mean, it's your typical Amelia Bedelia book. Cute for kids, silly scenario, lovable maid who is just too literal for real life. What I thought was really odd was the eye chart in the doctor's office. I haven't

read anywhere about anyone else noticing this...in the eye chart there are your usual letters that don't form words, then there's the term "mushlumpy" and then, MUCH more disturbingly, "blitzkrieg toast". About this, I do not kid. There are millions of other words that could have been used in a picture of an eye chart in a kids' book other than "blitzkrieg". Followed by "toast".

Poor Amelia! Mrs. Rogers asks her for cereal with her coffee so Amelia gives her exactly what she asks for - cereal in her coffee! Young children will easily relate to this story as Amelia is so eager to please and cannot understand when others are not pleased with her efforts. In this story she goes from job to job doing her best, yet getting it wrong. When asked to pin up a lady's hair, that is what she does! When requested to file some papers, out comes her nail file from her bag. Adults will laugh as we see how some of the things we say truly do not make sense unless you know their meaning. Well-written with a nice large font and delightful illustrations for a young reader or as a read aloud.
