The Phobia Of Renegade X

Synopsis

Damien's always been afraid of heights, but he's never been afraid of fieldwork or of being in the spotlight. At least, he wasn't before the gala—the one where his grandpa nearly caused a massacre and heroes from the League almost killed his best friend. Now he finds himself dreading the very things he used to love, and all he wants is to skate by in school, avoid fieldwork, and keep a low profile. But avoiding his fears isn't as easy as he hopes, especially when the school decides to send him and his best friend to hunt down a dangerous criminal. And as if that isn't bad enough, it turns out he also has to pass a flying test if he wants to make it through the school year, even though his debilitating fear of heights means it's pretty much impossible. In order to pass the test and catch a criminal, Damien accepts help from unlikely allies. But when his mission goes south and he accidentally lets a terrible weapon fall into the wrong hands, he'll have to overcome his doubts and save his friends from a psychotic killer bent on using his worst fears against him.

Customer Reviews

So Sloooow. Where is the action? What happened to all the fun? This book was painful all the way through. Everyone took three steps back and only two steps forward. I enjoy the series and will get the next book but I am hoping for some progress in the next round.

ÃfÃ Ã Å,Ã ÆœÃ â ÃfÃ Ã Å,Ã ÆœÃ â ¬ÃfÃ Ã Å,Ã ÆœÃ â ¡ÃfÃ Ã Å,Ã ÆœÃ Â®ÃfÃ Ã Å,Ã ÆœÃ â ¬ÃfÃ Ã Å,Ã ÆœÃ Â•ÃfÃ Ã Å,Ã ÆœÃ â ÃfÃ Ã Å,Ã ÆœÃ â ÃfÃ Ã Å,Ã ÆœÃ â ¡ÃfÃ Ã Å,Ã ÆœÃ â ¡ I think that says it all Done Stop putting minimum amount of words I like to read not write

I love this series. After book three, I thought this was turning into a civil rights struggle, and while it's still there in the background, this story is all about Damien and conquering his fears. Have you ever wondered WHY he was so afraid of heights? You'll find out. Does he ever learn to fly? You'll find out. Is he (and his friends) scarred from the events in book 3? You'll find out. All in all, this is the book where Damien starts to grow up. No, he's not a mature adult or anything like this, but you're starting to see flashes of the adult he will be. And I like it. Though I'd probably smack him if I had to deal with him in real life... :)

I read the book pretty quickly. I love the first two books and the third book in the series seemed to really have Damien constantly doubting himself. In this one, it's more self doubt. Yes he has to face his fears but it's just constant hate against himself and the people that are trying to support him. I'll keep buying and supporting the series as it comes out because it has a LOT of potential. I also hope that Damien will get stuck with his father on a vacation at some point where he can't simply escape to another familiar place. There is also one moment where I was excited to read the next chapter because it was left as a cliff hanger. I was ecstatic because his sister and him were going to have quite a first bonding experience together. Yet the next chapter basically overlooks that and you have to use your imagination on what happened. It left me wanting.

Every Renegade X book has a heart, and this one is no exception! I loved getting to see Gordon and Damien come to something like level ground, and of course Amelia's arc was wonderful too. Always delighted to see and learn more about the heroes of Golden City. :)

Why is this not in kindle unlimited But on a good note I love this series so much I'm willing to buy it! It just means my pockets going to be a little empty

Another amazing book in an amazing series!

This is one of my favorite series I looking forward to the next one. I'm glad I started reading this series.
