The Ultimate Guide To Sex After Fifty: How To Maintain Or Regain A Spicy, Satisfying Sex Life

Synopsis

“Sex changes with aging, but for every problem, there is a solution,” says Joan Price, “senior sexpert” for the over-fifty population. Her definitive guide to sex and aging has it all: medical challenges, loss of libido, loss of intimacy, dating, elusive orgasms, erectile dysfunction, vaginal pain, self-pleasuring, sex toys, kink, and more. *The Ultimate Guide to Sex After Fifty* delivers solid, practical information in a friendly, accessible style to help all genders and orientations, partnered or unpartnered, enjoy their sexuality for the rest of their lives. Joan Price is best known for *Naked at Our Age: Talking Out Loud About Senior Sex*, which won Outstanding Self-Help Book 2012 from the American Society of Journalists and Authors and Best Book Award 2012 from the American Association of Sexuality Educators, Counselors, and Therapists. Her first senior sex book was her sexy memoir, *Better Than I Ever Expected: Straight Talk About Sex After Sixty*. People over fifty who hunger for real information from an age-appropriate author will appreciate Price's savvy advice, personal candor, and humor. Whether you have a vibrant sex life or an unfulfilling one that you'd like to fix, *The Ultimate Guide to Sex After Fifty* will be a valuable resource.

In her book Ultimate Guide to Sex Over Fifty, Joan Price tackles all aspects of sex over fifty in a way that is passionate, straightforward, and illuminating. She not only is upfront in dealing with the myths that haunt those growing older, but she tosses them right out of the window. Instructive, direct, and encouraging- Joan offers a glimpse into the steamy, erotic love life that anyone can partake of at any age. Focusing on the common problems that seem to arise as age creeps up, she offers a myriad of options to spice up the bedroom. The Ultimate Guide to Sex Over Fifty is a must read for anyone who wants more sex, better sex, or just wants to try some new ideas in their sex life. Thought provoking, realistic, humorous, and informative - Joan Price has created a manual everyone can benefit from."

#151;Nichole Pool, Antelope Valley Elder Care Examiner, MS Industrial & Organizational Psychology, Former Director of Lancaster Adult Day Health Care, Former Social Work Assistant for the elderly population"

Joan price is the major spokeswomen for sexuality and aging in the US. This is her finest book. She motivates and empowers women, men, and couples to embrace sexuality as a positive force in their lives. She speaks to both traditional and non-traditional sexuality and honors sexual diversity. If the president were to appoint a czar for healthy sexuality and aging it would be Joan."

#151;Barry McCarthy, professor of psychology at American University and author of Rekindling Desire"

No one has done more than Joan Price to lay the ageist stereotype of the "sexless senior" to rest#151;and to educate us about just how diverse and delicious those sex lives can be."

#151;Ashton Applewhite, This Chair Rocks and Yo, Is This Ageist?"

Lots of people have questions about how sex works when we get older. And even if you don't think it's a topic that's relevant to your life now, it will be eventually, I hope. Nobody knows how to talk about the challenges and pleasures of sex after fifty better than Joan Price. She's created the most comprehensive, realistic, useful, and funny guide to relationships, dating, and sexuality I've ever found. There are lots of practical tips, positive information, and suggestions for things to think about so you can create an amazing sex life. Whether you're currently in a relationship or not, and whether you're over fifty yet or not, there's a lot here for you."

#151;Charlie Glickman PhD, sexuality & relationship coach#147;

Thank you, Joan Price, sister warrior, for joining me in building an army of orgasmic vibrating women (and men) to change society's view of sexuality. The healing has begun."

#151;Betty A. Dodson, Artist, Author, Ph.D. sexologist, dodsonandross.com"

Everything you need to know about: Long-term relationships Medical challenges Loss of libido Dating later in life Communication Elusive orgasms Self-pleasuring Sex toys G-spots P-spots Loss of intimacy Friends with benefits

Joan Price is my hero. My husband and I read parts of her book, *Naked at our Age*, aloud to each other. It opened up our communication and gave us permission to ask each other for what we wanted sexually. This new book, *Ultimate Guide to Sex After 50*, doesn't wait to get right into the good stuff! I am only a few chapters in, and already hoping that more people read this book and have their minds expanded about how good sex can be if you open up your mind and talk to your partner about what you want. You may not even know that sex can be better, read this book and know that it can.

The Ultimate Guide to Sex after 50 is full of information, suggestions, stories, and wisdom. It is written from a healthy point of view which Joan Price states on page 145, "If we could all just enjoy what we enjoy without moralizing about what other people enjoy, what a wonderful world it would be." Embracing this blunt, well-informed, and tolerant viewpoint makes it possible to learn without feeling embarrassed or guilty. People do a wide variety of things in their bedrooms, and how does it help us to be ignorant about those things? If you have read this book, you are prepared for anything: a change in your partner's pattern of desire, illness, loss, physical limitation, old age, and more good sex than you had imagined possible. I won't deny that reading about dozens of sexual kinks and variations is erotic, but the eroticism is balanced with deep intelligence as Price never dwells too long on any particular practice, but moves forward to make her point. If nothing else, you will realize by the end of the book that you're allowed to empower the most resilient and unrelenting sex organ in your brain. It's going to turn to sex anyway, whether or not you allow it to, so you might as well enjoy the ride. Price never loses sight of the fact that the most precious gift of all is a reliable loving relationship. When we are without one, Joan shows us myriad ways to remain a sexual being until your very last day.

I'm 70 years old and have enjoyed dating for 27 years since my divorce after 20 years married. I corresponded with Joan about some of what I've found "out there." Was pleased to discover some of my correspondence used in this book. That said, I'm also a connoisseur of books about senior sexuality and so far this book is the BEST of the lot. Joan speaks from the front lines and about what is real. You'll get your money's worth and more with this book.

I saw the author Joan Price at an event last week and was VERY impressed by her knowledge on the subject. Truth is, there are changes to our body at a certain age and the information in this book can be very helpful. I think this book covers EVERYTHING you need to know on the subject. This book is very reassuring and comforting to my partner and me. If you are over 50 and prize a healthy and happy sex life, you MUST read Joan Price's guide. Sheer excellence- bravo Joan Price!

Sex after Fifty gives lots of sexual encounter examples and so much information that your mother could NEVER tell you because she didn't know it and would turn red if she did. Best book for our age group or any age ...

Joan's books have been a real blessing for me! After being out of the dating game for years, a bright flame from my past rekindled and I discovered my fire had burned down low! My spirit was willing but the rest of me was lagging far far behind and needed help! I preordered this book on and have only had it a couple of days but have already learned new things! I recommend it for anyone at any age! Great information, good sense of humor, and I love the remarks from those of us going through the process of remaking our selves as sexual beings! Thank you, Joan!

We all get older. You don't know how or when you got there but all of a sudden, your body starts complaining. Joints and muscles ache when the weather changes. Your mind still thinks it 35 (or maybe 40 at the latest) but the rest of you knows how old you really are. And all of a sudden your genitals don't work the same either. That's when it really hits home. Joan Price's book is a must have no matter what your age. Whether to prepare you for whatever may be ahead or to help explain what's going on now, this book has it all. And, most importantly, it will help you deal with it, in a compassionate and caring way.

I believe this is an excellent book for someone who needs to ease the tension of starting a new relationship but not as informative for someone who has an advanced relationship.
