I have now read the trilogy. I somehow began with book 3 which was offered to me free and I now wonder why that wasn't book#1 since it is the story of Dottie's parents. Anyway I loved, loved, loved the 3 books, but honestly feel that Counting Chimneys was the best. I cried and laughed throughout the entire book. Though Ralph's character annoyed me at times, it was realistic and believable. so sorry that a fourth book has not been added.

I loved this second installment in this series. Taylor's writing style emerses you in the story, so you feel like you are right there. She has a way with details. The only fault I found was that the end was a bit rushed, with time passing quickly without a proper sequeway. I still gave it five stars, though, because I thoroughly enjoyed it and can't wait for the third installment to come put!

Another wonderful story from Sandy Taylor and comes with a catch-up with all her characters from the previous book. Well-written, interesting twists and turns in the story-line and believable characters, just like people we all know. Definitely worth the time.

Counting Chimneys became a favorite read within the first few pages. Sandy Taylor draws us back into the story of two young girls friendship and whisks us into their lifelong relationship as friends confronting betrayal and deceit with dignity and heartbreak both. Having grown up in the 1960s, I loved this sequel to The Girls of See Saw Lane and couldn't wait to find out what would happen to Dottie and Mary. As delightful and well-written as the first book in the series, I highly recommend this book. The writing kept me turning pages and the characters became friends. Well done, Miss Taylor!

I loved this book as well as the 2 previous books in the trilogy, When we danced at the End of the Pier" and "The Girls from See Saw Lane". Sandy Taylor has a way of writing that puts you right there in that time period . the characters in this book were so vivid. I Loved the quirkiness of each one and the love and respect of each one for the others. Waiting for her next book anxiously.

I loved the first book, The girls from See Saw Lane, and I preordered the sequel. Like many things in life I think I hyped the second book in my mind and then was let down. What I loved in the first book was the down home charm of the two girls and their love of their mother's, aunts ect. The next book, takes to long to get to the point and too many new characters come into the fold. I did finish it and was glad I found out the whole story but it was not as good as the first book

I love all of the books so much! I felt so close to all the characters as I journeyed through them. It was hard to put the book down. Hope the author willcontinue to write more books.

I loved all three books in trilogy. Sandy has become one of my favorite authors. I look forward to her

next one.
