Customer Reviews

"Patient-centered and pearl-laden, the Mayo Clinic Internal Medicine Board Review is an exciting

read, conjuring your quick prep as an intern before going to see your first admission. You will actually read all of it! The "Key Facts" and "Key Definitions" in each chapter provide the perfect review that last week before the test." --Donald W. Landry, MD, PhD, Samuel Bard Professor of Medicine, Chair, Department of Medicine, Physician-in-Chief, NYP/Columbia, Columbia University, New York, NY

Christopher M Wittich, MD, PharmD, is a Consultant and Practice Chair in Division of General Internal Medicine at Mayo Clinic, Rochester, Minnesota as well as Associate Professor of Medicine at Mayo Clinic College of Medicine.

Very Digested material

A little to extent, but great source to have!

excellent

Excellent concise board review material, focuses on board-pertinent topics and details. Also a good refresher course. I would highly recommend it to my IM colleagues and specialists.

good book so far

Exactly what I wanted

This book is Very easy to read. Board prep will be more interesting and this will be useful resource thereafter as well.

I just got it the other day. Two problems present themselves: The print is rather fine-almost like microfiche. I am using a magnifying glass to get through it. (Getting OLD-lol.) The OTHER issue is that they offer Free Online Access. This is GOOD-but the registration seems to be Very User Unfriendly. I can't make heads or tails out of it. I will call them tomorrow.
