Customer Reviews

We have used maps from this company on several trips and it's our favorite kind to use. They are easy to carry, well made and easy to use. This one in particular was well worth having for the subway map alone. We could not have navigated Tokyo as easily as we did without this map. They really are well designed maps made for the traveler. No giant city maps to unfold and refold, this pops open and closed easily and is easy to use. Love them.

The back of my map is all wrinkled like someone has been playing around with it or something. I do

not think this was due to bad packaging because the front cover was not all wrinkled like the back. (Though it was shipped in a thin bubble mailer...) Guess I'll have to keep it...it was the last one available and it's not really worth returning. Just sucks to get stuck with this used one or whatever happened to it.

Wonderful! Exactly what I need! The double pop-out with the city's subway map is amazing.

These maps are great for city travelers.
