Reader Praise for Douglas Dorow & The Ninth District

Addicting! The story kept me so enthralled that I neglected to eat until I finished it! Reminded me of Robert Crais. Similar hook and fast, exciting pace. Very exciting, right up there with Michael Connelly and James Patterson. If John Sandford has a nephew, he might well be Douglas Dorow... writing reminds me of Sandford and not just because the novel is set in MN. I love the Catherine Coulter FBI books, so I decided to read this one. It was quite a surprise! It's an exciting book that is fast-paced and a fun read. I like books that "make" me want to keep reading. Great story line, loved the characters. Excellent buildup of the suspense. Reading this thriller was sheer enjoyment! Douglas Dorow has a special talent for developing both, a story and the perfect cast of characters to bring it to life. THE NINTH DISTRICT is a quick read guaranteed to grab your attention from the Get-GO. Taut, Exciting and Great Read! Bravo Mr. Dorow! This is the first book I have read by this author.... but not the last.

Customer Reviews

I enjoyed the writing of the Ninth District and recommend it. My only nitpicks are the title--still not sure what it signifies (unless Minneapolis, where the novel is set, is the FBI's ninth district). Still...The ending left me feeling underwhelmed. Spoiler alert: The author finally gets the protagonist and the antagonist together after a book full of playing cat and mouse. They are fighting to the death, and they fall into a sewer and that's it, we never see the antagonist again. Seven entire sentences devoted to their fight. I felt it was hugely anticlimactic. Don't let the ending dissuade you though, the journey was a lot of fun.

I read the first chapters of this book in a sampler and just had to purchase the full book so I could see what happened. I spent the next several hours totally absorbed in the story. I couldn't put it down, and was sad when I realized I had read the entire book! I'll be purchasing the books in this series so I can see what happens to Jack next.

I received this book for free. I said I'd give an honest review. It is a great action thriller with some of the story taking place in tunnels below the City of Minneapolis. The descriptions of the tunnels and their is most interesting. An older FBI agent is breaking in a younger agent when another bank robbery occurs. Nothing of much value has been taken again but in the latest robbery a pregnant teller is killed in cold blood by a masked person who salutes the camera as he leaves.. This is a captivating engrossing, book that I could not put down. It kept me reading late into the night to an

unusual exciting ending

I loved this novel. The author takes you inside the world of the FBI. Jack is a seasoned agent who is training a newbie. You are taken into their personal lives so you feel as if you know them. The newbie is assigned with finding a maniacal bank robber with a hidden agenda. The plot is filled with twists and turns. Characters are well developed leaving you waiting for the sequel. Thanks****

I enjoyed this book, quite possibly because it took place in my city and I was familiar with all the settings. The author kept my interest up by intertwining the hero's personal life and his job as a agent for the FUN . Story moved along and kept me wondering where it would take me.

I was so surprised that a new author could get your attention from the very first page. I will look forward to his next book. I called a friend the moment I finished reading and gave her the book title and the author's name!! This book should win a prize in the new author category.

This is a great story that grabs you from the first page - read till my eyes closed then finished it the next morning. Great debut novel for Douglas Dorow. I can't wait for more from him!! You will enjoy the read. A good thriller.

I was surprised. This turned out to be a very good read. Great plot, the characters were well thought out. I wanted to take a Xanax too when they were in the tunnels. I can't wait to read the sequel. A big thumbs up.
