I plan to walk my way around the city with this book in hand. it takes you all over, including off the beaten path. I'm really looking forward to my trip in large part because this book gave me a familiarity with the city before I've even boarded the plane.

We used this book while in Barcelona & it led us into back streets & byways we would never have discovered on our own.

This book was helpful as we planned our outings during our 10 days in Barcelona. The information

was good and up to date. They cut the walks into smaller sections than we would have used for a walk, so we ended up putting 3 or 4 or more together for one "walk."

Excellent suggestions and commentary

good and accurate description. Good timing and good price. Please don't demand to write all this much. Next time I will just delete it.

I recently ordered a guide to street walks in Barcelona. I am very happy with this transaction, as the book is full of useful information and it will be very useful.

I just returned from Barcelona and brought 5 guidebooks (Fodors See It Barcelona, Frommers 24 Great Walks in Barcelona, Frommers Barcelona day by day, and Time Out Barcelona, and MapEasy Barcelona) because none of them really filled the one-stop-shop I was looking for. This book was one of the best. It did exactly what it set out to do, which was a perfect guide to allow us to explore each area on foot. Each walk was accurate, and usually encompassed one of the sights we wanted to see, so it combined two items into one. Additionally, the recommended eating spots were pretty good too. The mini maps for each walk worked well once you figure out where the map is relative to everything else. Some minuses were that the book needed a larger map to index the smaller ones. We sometimes found it difficult to align the mini walks with the larger maps. Plus, I also thought they should have put the Metro marks on the mini maps for each walk. The bottom line is that this book was our go-to once we figured out what we wanted to do that day, then we looked up the walk associated with that sight and off we went. If Frommers put the best of both of their books together, it would be perfect. My recommendation is that if you have only 3 or fewer days in BCN, get Frommers Barcelona Day by Day. If more, then also get the Frommers 24 walks, which we used quite a bit, but only as a supplement. Here is my summary reviews Frommers Barcelona day by day - 4* See It Barcelona - 3* Frommers 24 great walks in Barcelona - 5* Time Out Barcelona - 2* EasyMap Barcelona - 1*
