## Synopsis

From NYT and USA Today Bestselling Author L. Wilder comes book five in the Satan's Fury Series, a standalone MC romance. You can't fight fate, especially when it brings you a girl like MJ Thompson. She wasn't just beautiful. No, she was so much more than that. She was smart with a smile full of magic and curves that drove me to distraction. I wanted her, but there was a catch: She was the lawyer handling my father's will. And as if that wasn't enough, her dad was a cop. I should've known better than to get mixed up with a girl like her, but I just couldn't resist. I wanted to feel her body pressed against mine. I wanted to hear her call my name while she was wrapped in my arms, so I ignored my instincts. I made her mine. After one night, she had me, heart and soul. Every ounce of doubt, every second thought, vanished. Life was good. I had my woman by my side. The club's new pipeline was moving forward, and I was coming to terms with my past. Then, without warning, it all fell apart. I lost her. She skipped town, leaving only a note and a lot of unanswered questions. I thought I had to let her go, but she had a secret. After discovering what she was hiding, there was nothing I wouldn't do to have her back in my arms. Sometimes the road takes you on an unexpected turn, and you end up exactly where you're meant to be. \*\*Smokey is book five in the Satan's Fury MC, but it is considered a standalone romance. This book is intended for readers 18 and older due to violence and explicit language.

## Customer Reviews

When a chance encounter brings Smokey and lawyer MJ Thompson together in a restaurant parking lot as a result of MJ having locked herself out of her car the attraction sizzles between them. Both write off the sparks only to be thrown together because MJ is the lawyer handling Smokey's father's will. As Smokey and MJ spend time together they stop fighting their desire only to find that hurdles come in all shapes and sizes. L. Wilder handles relationship struggles like a pro and her characters are always better and stronger for it in the end. Smokey is no exception to this writer's use of suspense as a means to test the limits of love and give readers a few sharp curves during their reading journey. This couple was intense and Smokey's alpha male complimented MJ's determination and drive without stifling each other. With lots of communication falters these characters were managed well by this author's talented writing. L. Wilder's consuming and sincere romance style will have readers succumbing to the allure of Smokey even as they leave themselves open to letting her next leading man enter their hearts.\*I was given an advanced copy. All opinions expressed are my own.\*\*While part of a series this work can be read as a stand alone.\*

The book starts with a heart pounding tearful scene which sets the stage for Marley and Smokey's lives. I thought Stitch was protective but Smokey beats him by a mile. Marley has spent her life running and trying to hide and all those years Smokey was there. This is a great love story about a broken little boy who grew into a very broken man. Love Smokey!

I have enjoyed the whole Satan's Fury MC series, but must admit that Smokey is my favorite of the series so far! I even love the cover photo - that compelling look you just want to be directed at you! Smokey, aka Evan Abrams meets Marley Jo Thompson in the parking lot at the local diner when everything was closing down. Her car was broken down, and she emptied the contents of her purse on the pavement, and was swearing a blue streak when Smokey got to her. His first look at her took him completely by surprise as she was dressed really classy, and was absolutely stunning. He ended up giving her a ride home on the back of his bike, and realized how much he enjoyed having her snuggled in behind him. Smokey's father passed away, and he didn't know it until Marley

went to his childhood home as her father's lawyer. She needed to give Smokey and his sister Shelby the copies of the will, and 2 letters she had for Smokey too. It was a surprise when she saw who Smokey really was, and his surprise to find out from MJ that his Dad had died. There were a lot of hard feelings between Smokey and his father. Smokey and Shelby were born late in life to parent's that were so fixated on the apple orchard that they had no time for their kids. Smokey finally got fed up with it, and he left, joining the Satan's Fury MC much to his father's dismay and disgust. The rift between them opened wider, and no matter how hard Smokey tried he could not get his father to accept the life choice he made with the MC. Smokey's Mom became ill, and her illness was made worse with the falling out between her son and husband. MJ and Smokey seemed to get closer and closer, but when her father, the county sheriff found out he shoved a folder of violently murdered victim pictures in front of her, and told her he was sending her to her aunt's house until she got over this thing with the criminal from the MC. If Marley didn't do as her father asked he threatened to get Smokey sent to jail, and all the MC members as well. He'd close that club one way or another. Marley was heartbroken, but did what her father asked rather than risk Smokey or the MC members going to jail. Smokey was devastated when Marley just up and left with just a vague letter of why she was leaving. Smokey tries to find her, but her brother won't tell him anything, her aunt won't tell him anything, and Marley thinks he never even bothered to try and find her. She missed him so much, and her aunt tried to get her to move on, go back to work, but that was not what Marley wanted at all. Smokey and Shelby decided to do what they could with their parent's home, and the apple orchard. They relied heavily on their father's foreman, and his son to keep things running when Smokey couldn't be there. Shelby had two children, and a car salesman for a husband that had no idea how to run an apple orchard. Smokey moved into the house, and decided to have one of the MC brothers do some renovations on the house and barn. It was something he and Marley had talked about, but then she left. This couple has some serious hurdles to overcome, but Smokey finds out why and who were behind her father's suspension, and he tries to help Marley's father from going to prison himself. Marley is determined to be with Smokey now no matter what. Smokey, MJ and Shelby make the apple orchard business something they know their parents would be proud of. Smokey and MJ deserve their happy ending! This was such a great MC read for me! Can't wait for more from this MC and L. Wilder!!!

Smokey is the fifth book in Wilder's Satan's Fury MC series. It's oh so good. Smokey is sexy, beautiful and oh so Charming. He has his badass side as well which makes him irresistible. MJ his leading lady is beautiful, smart and confident. This is my favorite Satan Fury's couple. Wilder has

written a beautiful story and I was hooked from beginning to end.If you haven't read Smokey I suggest you give it a go. Smokey can be read as a standalone but I suggest starting from the beginning with Maverick to get a better understanding of characters and storyline. Happy Reading

Holy hell Smokey! This book is filled with twists and turns, and it leaves you guessing for a while! I loved the suspense in this book. Smokey is no dummy though! He fights for what he wants! MJ is a strong woman that believes she is doing the right thing. She soon finds out that it wasn't right at all. One of my favorites!!! A must read! Can't wait to read the next in the series!

I'm writing this some time after I finished the book. this is usually one of my go to series for books but honestly this book wasn't even remotely memorable to me. It was a very fast read and writing this today I barely remember it other than it was kind of a generic love story. Kinda insta love. I don't know. MJ is a lawyer with no backbone Smokey is Smokey.
