Seoul In 3 Days: The Definitive Tourist Guide Book That Helps You Travel Smart And Save Time (Korea Travel Guide)

Synopsis

Seoul is unique. It has traditional Asian aspects, but many aspects are among the most modern in the world. There is a great deal of contrast in the different areas of Seoul. The people of Seoul are beautiful and welcoming. Korea is a fashion trendsetter. You can celebrate the authenticity of traditional Korea and still enjoy the technological advantages offered there. Korea was ravaged by war, that's true. But it has been rebuilt into a thriving economic stronghold that has many influences on the world at large. From modern Korean pop culture to ancient houses of worship, Seoul mixes traditional and modern life in a unique and vibrant atmosphere. If you only have a few days to spend in Seoul, you need to make the most of them. That's what this travel guide is all about. Seoul and its home country of South Korea may shape your world view. There is a story of courage and hope, of rebuilding from nothing, and of the undying spirit of the people of South Korea.

The People of Seoul The population density in Seoul is nearly twice that in New York City! Most residents of Seoul are Korean, with pockets of Japanese, Chinese and minorities of expatriates. The population is over 10 million. The population of Seoul has been decreasing since the 1990s, since it is an aging one, and the costs of living are high. The people of Seoul tend to be warm and welcoming, and tolerant of tourists who don't quite know where they're going. That's helpful for travelers. Language Koreans speak well, Korean. If you learn a few often-used words, it will be helpful for you. The language, however, is quite different from Western languages, in pronunciation and grammar. Different areas of Korea speak different dialects, but many people in Seoul speak standard Korean. This makes it a bit easier to communicate in the city, since you'll be hearing predominantly the same dialect. Korean writing utilizes a phonetic system known as hangul. In this system, sounds are "stacked" into blocks that are representative of syllables. A committee designed the system, and although it looks like small circles and right angles, it's actually logical and consistent. You may find that you can pick it up quite easily.

Religious Beliefs In Seoul, the two main religions are Buddhism and Christianity. There are smatterings of other religions too, including Confucianism and Muism. Seoul has the largest Christian congregation in the world, at Yoido Full Gospel Church. Here is a quick preview of what you will learn in this tourist guide:

- Helpful information about Seoul, South Korea
- Flying into the city
- Transportation tips while you're in town
- Why Seoul is such a diverse tourist spot and what you will find most remarkable about it
- Information on luxury and budget accommodations and what you'll get for your money
- The currency used in Seoul
- Tourist attractions you should make time to see
- Other attractions for entertainment and

culture – Events that may be running during your stay – Tips on the best places to eat & drink for all price points, whether you want simple fare, worldwide dishes or Korean/Asian flavor

Customer Reviews

Big help!

I always dreamed to visit this wonderful capital city of South Korea, Seoul! I love everything in there that I always see on television and on the internet. This coming May, I am planning to finally visit this lovely country and as a preparation, I have this wonderful travel guide with me. It's well written very informative. Everything that I basically wanted to know about Seoul are in here. Where to eat, where to stay and of course, what to visit. Jam-packed with all the details you need. Thanks!

With a title like that, you would expect itineraries to help organize what to do in three days. Instead you get a laundry list (and not very extensive, at that) of attractions, restaurants and hotels. Not very useful.
