Customer Reviews

Finally had someone install it for me. One of my HDMI was not working. He bypassed that and it is now hooked up. Just got it done yesterday. I have already all about it so I will soon have the time to enjoy the benefits.

Simple and to the point... Gives the basics and a little more to get you started. Items not included in the Fire Stick tutorials.

I wish I had this when I first got my Fire Stick. Had to noodle it out on my own.

A bit complicated for the tech challenged. But great once figured out.
