## Customer Reviews

Over the last 5 years, the editors of the NIV Study Bible have painstakingly reviewed, revised, and rewritten the notes of the classic, best-selling NIV Study Bible. Over 80 percent of the notes have been revised and adapted from the 1996 update, and close to 30 percent of those notes have been either significantly revised, completely rewritten, or replaced. This update includes the most recent scholarship from a conservative academic perspective and reflects changes to the notes suggested and requested by scholars, seminary professors, students, and other readers who have studied and used the NIV Study Bible over the last 15 years. Features include: Over 20,000 completely revised and updated study notes written specifically for the New International Version by translators of the NIV. Notes are positioned on the text page for easy access Expanded Book Introductions and Outlines In-text maps, charts, diagrams, and illustrations located right where they are needed for easy study Center-column cross-reference system designed exclusively for the NIV 8-page presentation section 7 pages of full-color timelines of the Old and New Testaments 16 pages of full-color maps Expanded topical index A Harmony of the Gospels --This text refers to the Bonded Leather edition.

The New International Version is the world's most popular modern English Bible translation. Developed by Biblica, formerly the International Bible Society, the New International Version is the result of years of work by the Committee on Bible Translation, overseeing the efforts of many contributing scholars. The translators are drawn from a wide range of denominations and from various countries and they continually review new research in order to ensure the NIV remains at the forefront of accessibility, relevance and authority. --This text refers to the Bonded Leather edition.

This review is for the hardcover edition of the NIV Study Bible 2011 in book form (not Kindle). One thing to notice right from the start is that this new study Bible is called "NIV Study Bible" and not "Zondervan NIV Study Bible". Initially I was reluctant to purchase another updated NIV Study Bible (since I've had several improved versions already of the NIV Study Bible); However, when I opened this updated edition and began reading it, I recognized right away that there were significant improvements. A. The NIV text is revised -- this Study Bible uses the updated 2011 text rather than the 1984 NIV text. The main difference in the updated 2011 text is use of more gender inclusive

language ("brothers and sisters" instead of brethren), and significant differences in translation than the 1984 NIV version. Here are some of the significant changes: 1) Psalm 23: 4: "Even though I walk through the darkest valley, I will fear no evil ..." (2011 version); the older version (1984) reads "Even though I walk through the valley of the shadow of death, I will fear no evil." 2) In Genesis 1:6 the 1984 version says, "And God said, 'let there be an expanse between the waters to separate water from water

First, let's deal with a few of the other reviewers' complaints. Some of them are just not legitimate. This is a STUDY Bible, all right? Study Bibles are too big and heavy to carry to church. They're for study, at home. If you want a Bible for church, buy a slimline or pew Bible, but don't complain about how big and heavy this is. Read the weight before you buy and the number of pages. Now for the margins. The side margins are a half inch and the top and bottom about 3/8 inch in the large print version. If you think these are too narrow (as some reviewers seem to), it's because this is a large print Bible and they're trying to make it thinner. Wider margins would have required more pages. Now for the darkness and size of the type. Bibles are printed on thinner paper so they aren't as heavy or as thick as they could be. There's a compromise between the thickness of the paper and show-through. With thinner paper, printers have to decrease the density or darkness of the type, so it doesn't show through to the other side. The type in this Bible is easily readable. There's nothing wrong with it at all. And, the large print is fine for my 62 year old bifocal eyes. So much for answering others' complaints. The footnotes in this version are helpful and clear. They provide some much-needed explanation and practical application of the text. The only complaint I have is when there's excessive references to other verses or other footnotes. Too much back-and-forth is laziness on the part of editors. That said, if you love to read and STUDY your Bible, you'll enjoy this one as much as I'm enjoying it. What we want more than anything is to understand what we're reading and be able to apply it to our life. This Bible gets high marks on both counts, thanks to the informative articles and good footnotes. Five stars because the NIV Study Bible will definitely help you in your desire to get closer to God.

Of course I'm going to give this 5 stars, I mean it's a Bible! But seriously this one is great. If you can get past how big it is, you'll love it. This Bible is super helpful and has little side notes for almost every verse. I have learned so much with this Bible. The paper cover came folded and a little ripped, but nothing too bad. Throughout a year of using it. The case and the first few pages are ripped and folded, but still not too bad.

This is the second study Bible I own. My first one I bought over 20 years ago. I have always used the NLT bible but when looking at this study bible really liked the language as it is easy to understand. The study notes are great and also easy to understand the points they are making. The quality of the Bible is great. It is a heavy bible, but being that it is a study bible I have no problem with it. I will not be carrying it to church every week. This is for me to do my studying at home. The binding is strong and the thumb indexed tabs are just what I was looking for. The Scriptures are laid out in paragraph form. Scriptures are laid out in two columns, with a column for Scripture cross-references in the middle. The bottom of each page contains notes and commentaries relating to the corresponding verse. The words of Christ are in red. Each chapter has its headings that correspond to the outline. There are also pictures, which I love!! After looking at many different Bibles this is the one I chose and am completely satisfied.

It's the Bible, so it's great! I actually thought it was going to be the "red letter" edition and it's not, but I enjoy it. Was a little difficult to switch to different chapters or notes but I think I just wasn't used to it yet. Sure is lighter than a big book which is great since I have carpal tunnel.
