The Maple Festival (The Adventures Of Sophie Mouse)

Synopsis

Sophie Mouse is so excited to help her mother bake treats for Silverlake Forest's big Maple Festival in the fifth book of *The Adventures of Sophie Mouse*. It's finally fall in Silverlake Forest, and that means it's time for the annual Maple Festival! The animals have heard it is going to be the biggest one yet with games, rides and, of course, Lily Mouse's famous maple-filled bake-stand. Sophie is delighted when her mother asks for her help baking the goodies for the festival. When they get there, Sophie runs off to play with her friends until she notices that no one has come to her mother's stand! Can she use some quick thinking and her artistic skills to draw customers in? With easy-to-read language and illustrations on almost every page, the *Adventures of Sophie Mouse* chapter books are perfect for beginning readers.

Poppy Green can talk to animals! Unfortunately, they never talk back to her. So she started writing in order to imagine what they might say and do when humans aren't watching. Poppy lives on the edge of the woods in Connecticut, where her backyard is often a playground for all kinds of wildlife: birds, rabbits, squirrels, voles, skunks, deer, and the occasional wild turkey. Jennifer A. Bell is an illustrator whose work can be found on greeting cards, in magazines, and in over a dozen

children's books. She lives with her husband, son, and cranky cat in Minneapolis, Minnesota.

The Maple Festival

My daughter has been eagerly anticipating the arrival of the new fall Sophie Mouse book ever since we discovered the series and blew through the first several books over the summer. This little book did not disappoint. It's full of everything you'd expect from this series: Darling pictures, a cute, positive story line, good friends, and a cozy autumnal setting. Sophie and her mom work together to make the bakery's booth at the Maple Festival successful, and it's a great learning experience all around. Like the rest of the series, The Maple Festival is a treat, perfect for any 5-9 year old, alone (for reader)s or with a parent. Would make a great fall gift for back-to-school, Halloween, Thanksgiving, or a birthday.

This series of books is amazing. We are reading them to a 3 & 5 year old at bed time. They are so excited to go to bed because it is story time and they can't wait to find out what happened next. Each book is full of adventures and laughs. There is a lesson to be learned in each story and the kids get the message. It's great. We read the first 2 and then couldn't wait to get all the rest.

We love "The Adventures of Sophie the Mouse" series. My daughter is 5 years old so she is not yet able to read them, but I read a chapter to her each night and she loves the stories. I like that the stories seem timeless and not "trendy." The stories feature good lessons for kids. "The Maple Festival" was a cute story about Sophie helping her mom prepare for the annual maple festival. My daughter enjoyed this book and loves Sophie the Mouse who likes to help in her mom's bakery and loves painting. Cute series and great book for fall.

I use these for homeschool for my daughter and they are really nice for that...not too hard (she's 6) but not silly easy either...chapters but with pictures so she stays more interested...they have been perfect for her school this year and even I enjoy the stories =)

These stories are wonderful. My 6 year old daughter loves them and the chapters are a perfect length: short enough to be reasonable for her to read at once and long enough to present the perfect challenge as a piece of reading. Also, because of the episodic nature of the stories, they are

a great way to introduce a longer chapter book format for an emerging reader.

Buying the entire set of Sophie Mouse books as a birthday present for a grandchild. Cute stories and lovely illustrations. Good pricing on . Ellen P.

This is our favorite book in the series so far! Love the positives throughout the books. Our 3.25 year old son really enjoys them and will easily sit through the whole book at once. Just wish they hadn't split sentences between pages.

My daughter and I absolutely love this series. She's in 1st grade & can read these books by herself in 3 nights. Very appropriate for any age! Highly recommend!!
