Synopsis

Marvel's Captain America: Civil War pits hero against hero! Captain America and Iron Man lead two teams of heroes in a clash that will change the course of the Marvel Cinematic Universe. Customer Reviews

It's not worth the money at all, it only makes it to the point in the movie where Cap decides AGAIN not to sign the accords because Wanda can't leave the compound then it's like 8 chapters of Winter Soldier? I don't?

I watched the movie first and loved it. When I found out that I could read the book I was thrilled! Too bad I didn't read the other review before buying it. I thought I was going to read the whole story. It was very well written and when I got totally immersed in it, the book went to "commercial". When the commercial ended, I was asked to give the "book" a review! It was like watching a great movie, and

when you start getting to the best part, the electricity goes out!

WARNING Only 1/3 of the movie While it is well written and produced, it is only a small part of the movie

Even though I got a sample, I watched the movie and would rate it FIVE stars. Go Iron Man!!! Captain America is actually committed/labeled as a villain
