It's really a very interesting book to read on how to be an Irish! Upon reading this book, you will know how Irish lives and how how to interact with them. I really love how this book was written. Very comprehensive and impressive. Really worth reading!

could not resist but to give a 5 star on this one. truly hilarious yet so apt in defining the typical Irish personality. I loved this book and thoroughly enjoyed reading this humor filled description of becoming an Irish person.

What an amazing book to read, you will learn plenty of useful information on how to be an Irish with words and actions. Spending my time reading this book is really worth it!

It's sure fun to be an Irish man, however on the heavier side it's also not easy. What I like about this book is it teaches you how an Irish man lives, survives and actually acts. It takes guts to be an Irish person and it sure is a lot of fun.
