# The Action Research Guidebook: A Process For Pursuing Equity And Excellence In Education

## Synopsis

Think of yourself as an educational architect. By tapping into the power of action research, you can improve overall student performance, eliminate achievement gaps, and enhance your own efficacy and morale. In the third edition of this bestselling guidebook, you will find: New insights on how to use reflective practice, qualitative and quantitative methods, and culturally responsive teaching to improve the success of all students. A field-tested, four-stage action research process to lead you from brainstorming to breakthrough. Illustrative examples, charts, handouts, worksheets, and sample action research reports to demystify and simplify the action research process.

## Customer Reviews

"I love the four-step model and how it is emphasized throughout the text. This approach clearly makes the text unique and a 'must read' for all teachers wanting to enhance their teaching through Action Research."--Christopher J. Maglio, Professor of Education, Research Methods, and Design  
"The most successful educators are those that purposefully reflect on their practices, with a focus on how and to what degree these practices impact student learning. This book provides a four-stage structured approach for teachers and administrators to engage in action research, with the ultimate goal being to move our schools and classrooms closer to universal student success."--Eric Carbaugh, Associate Professor of Education & Author of The Flipped Differentiated Classroom
