Rules For Radical Conservatives: Beating The Left At Its Own Game To Take Back America

Synopsis

The vast right wing conspiracy has found its General Patton, and his name is David Kahane. Kahane's pseudonymous, satiric column for National Review Online, lampooning the Left via his Hollywood-radical persona - Stephen Colbert's liberal doppelganger - is must-listening for political aficionados of all stripes. Now, from the inside, Kahane proudly exposes the secret and not-so-secret winning strategies (and vulnerabilities) of the Left and gives desperate conservatives a roadmap to victory, in a take-no-prisoners manual modeled after Alinsky's Rules for Radicals, C. S. Lewis' The Screwtape Letters, Machiavelli's Prince, and, of course, the Chicago Way.

Book Information

Audible Audio Edition

Listening Length: 9 hours and 49 minutes

Program Type: Audiobook

Version: Unabridged

Customer Reviews

One of the funniest, craziest and sharpest books I have read in recent years! Kahane warns us, conservatives, not to be pleasers and appeasers. Do it the "Chicago Way" (The Untouchables, with Costner and Connery). "...you wouldn't want to adopt our tactics, that you wouldn't want to lower yourself to our standards and principles (your first mistake, since we don't have any, other than holding you to yours), that you would rather be right than win if it means fighting as dirty as we do. To which I say: that's why you're losers." A battle-plan against liberals. Highly recommended!

This book tells conservatives to get off their asses and get busy working to take back the government from the liberal takers. He then shows you how to accomplish this task.

A libtard writes a wonderful and hilarious book! A must read. I don't care what your politics might be! Just read it, and take a whole second or two to think about it.

Can't put this one down. When you know something is wrong wrong in the world and you are finally enlightened by the truth then you are free on the inside and free to act on the outside. Read this book before you are not free to act anymore and a true slave!

What I've known for so long to be true is affirmed here in these pages. Progressivism isn't about progress but rather, destruction.

Great look at the heart of the progressive darkness.

This book is a must read right along side Mark Levin's "Liberty and Tyranny" The author does an amazing job of explaining the left's deception and progress through history. I would recommend this book to liberals' though the level of vocabulary used by the author might be a little too much for them.

Part One is masterful! Part Two is Out There! Fun to read and even better the arguments stay with you.
