# The Case Of The Abandoned Aussie: A Thousand Islands Doggy Inn Mystery (The Thousand Islands Doggy Inn Mysteries Book 1)

## Synopsis

Suzy Chandler, along with her best friend and business partner, Josie, own and operate the Thousand Islands Doggy Inn, a place they created to provide dogs with the things they deserve; which is the best of everything. One morning while fishing, they hook a really big one; the dead body of a rich candy magnate who owns an island in the area. They also find Chloe, an Australian Shepherd puppy, swimming nearby and frantically trying to survive the trauma of being thrown overboard in the middle of the night. A fast-paced and funny mystery unfolds that affectionately focuses on dogs, food, and the natural beauty of the Thousand Islands region as Suzy and Josie embark on a mission to protect Chloe as well as figure out who killed the candy magnate. And as the list of suspects grows, and the victims pile up, they find themselves dealing with a unique cast of characters and wondering if they just might be the next target. The Thousand Islands Doggy Inn Mysteries, in Suzy and Josie, features two of the smartest and funniest lead female protagonists to hit the cozy mystery scene in a very long time, and their affection for food and boundless love and devotion to their dogs puts this new series in the Don't Miss category. The Case of the Abandoned Aussie gets this fresh alphabet series off to a great start, and B.R. Snow promises that readers are in for a long, wild, and highly entertaining ride as the series moves forward.

## Customer Reviews

Totally feel in love with Chloe; the girls Josie and Suzy; animal loving detectives. I think the idea of a doggy hotel is perfect, such good treatment while boarding dogs. Probably cleaner than some people's houses!. Great mystery solved, really keep me going to the end. The Case of the Brokenhearted Bulldog is next.

When I first started this book I really didn't like it. There was a murder and somehow it was so light hearted. But I had bought the series because lately I've been doing that as my bank has a limit to the number of transactions I can do in one day. I was just going to give up on the whole series and read it last on my list. Instead I decided to skip a couple of chapters. Well, turns out I really like this book. Instead of flip I've decided that the characters are pretty funny. They are in general light hearted but it turns out for me at least that they are not this in a bad way, just kind of a funny way. I'm on the 4th book of the series now (the Dandie Dinmont) and I still like the series but all the constant talking about food is getting to be too much. If they are going to talk about food that much they should be a foodie book like the Hannah Swenson books and give the recipes. In general they are a fun read, I haven't truly guessed whodunit, although I've had my suspicions.

Suzy & Josie own a dog boarding & vet clinic. They find a puppy and a dead man and the mystery unfolds. There are some twists but it is a pretty calm mystery (not scary or descriptive). I really enjoyed it and it had a good pace. I especially enjoyed having the story take place in the beautiful 1000 Islands.

26 letters in the alphabet. 26 mysteries to be solved. Once again BR delivers a well crafted story with two witty heroines who have a knack for sleuthing. Plenty of twists, doggies galore, all taking place in the Thousand Islands.

It kept me interested for the entire book.

Cozy Mystery that flows well. Good well developed main characters who are easy to like. There are several dogs in the story all with different loveable traits.

I fully enjoyed the book. It has a well developed plot and interesting characters, with the extra of a lovely puppie

A good story that was light and easy to read. I will definitely get the next book in the series.
