Discover 12 selected designs from That Patchwork Place. Designers include Amy Ellis, Kim Diehl, Julie Herman, Sally Schneider, and more. Instructions are included for each enticing project!

I love Quilts, and this calendar has some real beauties. I love the instructions too, very clear directions. There's just a couple of problems with this latest version (I also bought the 2012 calendar) and that is: the days of the month are printed in such an extremely light color that I had to RE-color over them with a broader dark felt tip marker in order to see them from about 5 feet away! There's simply no good reason for a calendar to be printed with such light ink! The number sizing was also much smaller this year than in 2012. Calendars are meant to be seen. The other significant problem was the glue that was used to attached the Quilt instructions would not come loose to allow me to take the Instructions out of the calendar for safekeeping. It just plain stuck to

the paper and actually ripped part of the paper off when I very carefully removed it from the calendar. In 2012 the glue came off/peeled off easily - as it should have. Somebody would be wise to attend to this issue at That Patchwork Place as this will be the last calendar I will buy from them, UNLESS these issues are addressed.

I liked that all the quilt blocks and patterns were in a tear away section at the back of the calendar so it isn't so bulky. Blocks are nice and directions seem to be easy to follow

This calendar hangs on my bathroom wall - so I can see it each morning. I have everyone in our family's and close friends' birthdates and anniversaries listed - so this lets me know who I need to send cards to. However, as a quilter, I love that I get 12 lovely quilt patterns each year, too.

I have purchased a That Patchwork Place calendar nearly every year as a gift. It is a large size calendar with high quality photos on quality paper. Anyone that loves quilting would love to use this calendar in their home. The quilts are absolutely gorgeous!

I'm a lover of quilts and quilting and this calendar is gorgeous! The numbers are clear to see with plenty of room for notes. And the quilt photos (WITH directions on how to make it) are just lovely. I want to try them all.

The photos of the quilts are very nice and there are clear instructions for the quilts which are featured. Recommend!

Buy this calendar for my Mom EVERY Christmas and she is always happy to get it. I think she always orders a copy too so she can have two in her house.

Got this for my mom, she loved it, said it was great, very colorful, and had the designs to make all the quilts even though they were very complicated. Would buy this again.
