Customer Reviews

The love story of Benjamin and Phoebe. Benjamin runs to New York after he thinks he has killed a man, a year later his father is dying and he must return to London and find a wife. He meets Phoebe and wants to marry her. Problem is he killed her father. Can love win out? Great story.

A truly great love story with all kinds of twists and turns. I really enjoyed getting to know all of the characters and I can't wait to read the next book.

He could not believe his luck he was falling for a girl who did not seem to know that he was the

cause of the things that had happened to her family.

What a delightful mix of characters. I very much enjoyed both sides of Phoebe and Benjamin's family. It is a testament to how people feel so deeply about their loved ones, their family loyalty, honor, and regrets that they carry about choices and consequences of actions. I laughed, and cried and cheered for the heroes. Phoebe and Benjamin

I couldn't put it down once I started reading. This is a typical love-at-first-sight kind of story. They were too hesitant in sharing their feelings verbally, but their actions speak louder than words. However, there is still that declaration of love that makes you say, "It's about d@#\$ time!". I won't go into further details or I would spoil it for you. I'm looking forward in reading more into the series!

Read this author before a d always enjoyed stories. Always many different situations that wrap around the story BUT I always want the main story to "hurry up". Jerrica is a fun storyteller just a bit long winded for my taste but that won't keep me away.

I really like these books as you get to know all the head characters from different perspectives. The first book starts with Phoebe, then the second books shifts to her maid, and you get to know her story/view/romance, then the 3th and 4th books are about the twin brothers angles. Also the storyline is really nice, with playful gentleness, rescuing heroes, sacrifices, ... better than most romance novels that all have the same storyline

I really loved this storyline. The heroine is very brave and naive all at the same time. She really is learning to rely on her instincts. Although she loves her family and especially her dearly departed father she is surprisingly realistic about him and his faults. However, her mother looks at her daughter in an entirely different light and needlessly allows herself to be in harms way. The gentleman is of course immediately smitten upon meeting our heroine, but once he realizes her true heritage is duty bound to deny his attraction. I will read the sequels to see how well the stories work together. Enjoy!
