Spinning The Moon

Synopsis

In the Shadow of the Moon When Laura Truitt first sees the dilapidated plantation house, she's overcome by a sense of familiarity. Inside, the owner claims to have been waiting for years and offers an old photograph of a woman with Laura's face. Soon afterward, when a lunar eclipse inexplicably thrusts Laura back in time to Civil War Georgia, she finds herself fighting not just for her heart but for her very survival. Whispers of Goodbye Alone and with nothing left to fear, Catherine deClaire Reed answers her sister's desperate plea and travels to the cold comfort of her home in Reconstruction Louisiana. But Elizabeth is nowhere to be found. No one - including her husband - has seen her for days. Now Catherine must search for her sister in a place where secrets wait behind every closed door.

Customer Reviews

I thought the author did a very good job of taking you back to the civil war era in the South. Both tales are a love story of sorts that kept me interested until the very end - which is why I rated it 4 stars. The picture on the front of the novel is Oak Alley Plantation in Louisiana and I have visited there and I imagined that house the entire time I was reading the book. I have like all of her books but this one was unique since it involved time travel - totally fictitious, but still interesting.

FABULOUS! Two stories in one book. I have all of Karen's stories and just finished re-reading these two stories. The second story "In The Shadow of the Moon" I feel is the best of the two. This story

reminds me of Daphne du Maurier's writing. The characters are well drawn, John is the handsome mysterious man that you want to like and yet find yourself wondering about his secrets. There is a lot of suspense and you can truly find yourself drawn into the story and it is hard to put down. I do wish that Karen would write more stories along this line.

I loved how heartwarming these stories were with mystery intertwined in both. Karen White brings the reader back to the civil war times and how women left behind suffered, took part in the war behind the scenes. Imagined or not, and made a huge difference. These stories will grab your heart and won't let go. Unforgettable!

I read everything that Karen White writes. I love her books enormously. Having said that, I will admit this is not her best. These were her first two books and she has come a long way. They aren't bad for first books, but her other books are better. Keep them coming, Karen White. Can't wait to read what you have for us next.

I was amazed that these were her earlier books. I am so glad that they were brought back and republished. Well and richly written. 2 of her best works. In my opinion they both had a bit of a dragging half way through due to their length. Keep reading. You will love them. Write me back if you did too.

This book has two stories, the first one I wasn't sure I was going to like it (have read lots of Karen White books and LOVE them) but as I got into the story I couldn't put it down. It is set in Civil War time, beautifully written. It will grab your attention and you just have to know how it plays out. I've just started the second story but it's already got me hooked!!

I've read all of Karen White's books & am eagerly waiting for her new Tradd Street novel in January..She is amazing..I can't imagine how her brain comes up w/all the twists in her story & ties it all together in the end..She is awesome..

Not sure how I missed these two stories, since I thought I had read everything Karen White has written. Having said that, these two are a must read for anyone who may have missed them the first time around. As with all of her works, I found these two tough to put aside until I completed them. Also, as with all of her works, they deserve 5 stars. Love her novels and always wait, with great

anticipation for her next book!
