Shipping Weight: 2.4 ounces

Average Customer Review: 4.3 out of 5 stars 4 customer reviews

Best Sellers Rank: #834,925 in Books (See Top 100 in Books) #59 in [Books > Books on CD > Business > Investing](#) #521 in [Books > Books on CD > Business > General](#) #5769 in [Books > Business & Money > Investing](#)

## Customer Reviews

Learn what to look for, what questions to ask-and what you can do to impact the bottom line profitability of your investments.

Been buying Mr. Kiosakis' products since he started. I appreciate him sharing his knowledge. Easy to read and apply.

Though you can buy it, most of us received it for free by attending a Rich Dad seminar. But that doesn't mean you shouldn't buy it. The audio tells you how to analyze investments using the financial statement. In fact, it shows you how to assess your own personalized financial statement of any investment, just in case the one provided is suspicious. And of course, the classic Rich Dad touch, he does it in laymen. This audio is something you should just play, and play, and play, and play. Its short, and conditions your mind to x-ray any investment, and see whether or not it has cancer, or is in good health. There is the saying that, "some books you read, others off of you should feed" that applies to this audio.

It is ok, but a real good deal when they give it to you for free by attending one of his many "free seminars". These "free seminars" are just a two hour sales presentation for one of his trainers to get

you to pay for coaching, etc. The CD is ok, but not worth much. It is just another way for him to promote his stuff.

Thanks
