# Brush Lettering: An Instructional Manual Of Western Brush Lettering

## Synopsis

Even if you've never held a brush in your hand, you can master the graceful art of fine calligraphy with the expert guidance of Brush Lettering. Brush calligraphy offers unlimited potential for creating an array of hand-lettered treasures. Now you can produce beautiful invitations, greeting cards, and certificates, distinctive stationery, unique posters and brochures, innovative logotypes, professional-quality headlines, elegant fabric designs, and much more. Marilyn Reaves and Eliza Schulte take you step by step through the techniques of brush lettering with the edged brush and pointed brush, dispensing invaluable advice on tools, media, and design. For beginners, students, hobbyists, or anyone involved in graphic design, Brush Lettering is a complete and authoritative how-to-manual. (8 1/2 X 11, 176 pages, b&w photos, illustrations, diagrams)

Excellent, informative book with plenty of helpful techniques and examples to follow. I would definitely recommend this book for anyone, either learning or experienced in brush lettering.

Love this beautiful and very helpful book

Haven't had much time to practice, but sure I will enjoy it.

If you are looking to get into brush calligraphy, then this is the book for you. It is clearly written and packed with all the information you'll ever need.

This is a classic, and lots of technical learning for beginning brush writers. A must-have for hands-on learners. Lots of explanation and pictures of how to do it right. If you can learn from a book, that is. Of course, nowadays we have youtube for those with the curtailed attention spans.

Not what I was expecting. I wanted a book with practice exercises.

Just O.K.

Amazing and useful book to learn and to start in this oldie art of draw letters, logos and other stuff.
