# Midnighter Vol. 1: Out

## Synopsis

The first chapter in the all-new adventures of MIDNIGHTER joins renowned writer Steve Orlando and acclaimed artists Aco, Stephen Mooney and Alec Morgan. Between the supercomputer wired into his brain and the enhancements saturating his body, the living weapon known as Midnighter doesn't face a lot of real challenges to his uncanny combat skills. Lucky for him, he enjoys beating the tar out of low-level bad guys as much as the high-end ones and since his recent breakup with his first love (and fellow superhuman) Apollo, he's had plenty of chances to engage in his unique brand of physical therapy. Now, insanely dangerous weapons are beginning to pop up all over the globe, wreaking havoc on society and complicating Midnighter's professional and personal life. As the outbreaks pile up, tracking them back to the original thief becomes an overriding imperative. Collects issues #1-7 of the ongoing MIDNIGHTER series.

## Book Information

Series: Midnighter

Paperback: 144 pages

Publisher: DC Comics (February 23, 2016)

Language: English

ISBN-10: 1401259782

ISBN-13: 978-1401259785

Product Dimensions: 6.7 x 0.2 x 10.2 inches

Average Customer Review: 4.3 out of 5 stars 37 customer reviews

Best Sellers Rank: #131,553 in Books (See Top 100 in Books) #27 in Books > Comics & Graphic Novels > Graphic Novels > Gay & Lesbian #465 in Books > Comics & Graphic Novels > Publishers > DC #1372 in Books > Comics & Graphic Novels > Graphic Novels > Superheroes

## Customer Reviews

"There aren't many books out there that I'd call perfect, but when you can see 10 steps ahead, it's perhaps not surprising that MIDNIGHTER earns that praise." Newsarama "He's like Batman with a sense of humor and a willingness to engage in healthy relationships...Seriously, check out this comic." IGN "Manages to be both bold and down-to-earth at the same time." IGN "The sort of comic that's as smart and

fun as you wish all superhero comics would be." - Comic Book Resources

Steve Orlando is a comic book writer. He has created Undertow and VIRGIL for Image Comics, as well as Midnighter, Batman and Robin Eternal, and more for DC Comics, and contributes to Power Rangers at BOOM Studios.

I have no idea why this series has so many good reviews. The story is confusing, the artwork is sub-par, and the midnighter seems like a hollow shell of his former self. I loved the wildstorm era of this character and was disappointed to see DC waste him like this.

I didn't know before I bought it, but Midnighter is a gay superhero. Basically, instead of sleeping with random women, he sleeps with random dudes. It's not over-the-top or in your face... he sleeps with dudes with the frequency that Nightwing sleeps with chicks so it's not even a weird thing. That being said. It was about as confusing as the Grayson books. Which isn't bad... but I did feel "lost in the action" at times. Overall, it was a really fun book. I love midnighter's attitude, I love his "power", I think it's all VERY cool and while I sorta saw the ending coming... it still played out really well. It would be a stretch to say it's the best comic DC has out now... but I will say it's one of the best. Definitely give it a try. I really look forward to seeing how this series continues. Will for SURE be buying volume 2

I'd never read any of the Midnighter comics before, but I think this was a good place to start! I really enjoyed this volume- it was some of the best comics I've ever read! The action is great, the humor is perfect, and the panels are beautiful and inspiring. It's gritty and engaging and original, with plot twists I'd never have expected. Definitely recommend. My only problem was it ended too soon. I can't wait to read more Midnighter comics! As for the order, it was great. It arrived quickly and there weren't any problems with shipping or anything, and I thought it was a very good price. 10/10 would buy again :D

Amazing! I'm a huge fan of DC and it just means the world to me that something that I love and makes me so happy also supports my community. Thank you DC Comics, Steve Orlando, ACO and whoever else contributed :)

Any fan of the Warren Ellis Authority will love this take on the character. Some confusing art but

overall great. The twist at the end doesn't feel totally earned but I'll wait until I finish the second volume to pass judgement on that.

Writings good and arts decent. Not a bad start. If your expecting an origin story for midnighter's, there's not one.

A simple opener to the introduction of Midnighter to the DC Universe, minus that baggage of his relationship with Apollo. Competently executed, and worth reading more of this series.

You should buy this novel just got the character alone. He is so different and refreshing in a evil way. Story isn't DKR or Preacher but art is great and story is still good
