Going Commando (Heathens Ink Book 2)

Synopsis

"I never thought I could want anyone as much as I wanted Nash, then I met you~Royal When I was sixteen I was afflicted with a terrible curse...I fell in love with my straight best friend. I never thought I'd move past my feelings for Nash and find someone who could love me in return, until the day a gorgeous marine plopped himself down in my chair and asked me to ink him. I'm falling fast for Zade, but my feelings for Nash are still very real. When life starts getting complicated and Nash speaks the words I never thought I'd hear, the only thing I want is for us to find a way to make this work...together. "What if I told you, you'd never have to choose?" Zadel thought I'd stay in the marines for life, that was the plan. But after a traumatic event I couldn't make myself re-enlist when my contract was up. Confused and unsure what to do next I called up my best friend for a place to stay. What I didn't count on was my best friend's boyfriend practically throwing a sexy tattoo artist at me to keep me busy. Royal is everything I've ever wanted and his roommate, Nash, is starting to grow on me, too. "A few weeks ago I thought I was straight. Now I'm sandwiched between two sweaty men. Can't say I do anything half-assed." Nash Of course I've noticed that my best friend, Royal is crazy good looking. I have eyes, that doesn't mean I'm into guys. Although, when I start to notice that his new boyfriend, Zade, is pretty hot too, that makes me start to question things a little. Not to mention the dreams I keep having of the three of us together. I'm willing to try if they are. **This is NOT a love triangle, just good old fashioned man-on-man-on-man love** Every book in the Heathens Ink series can be read as a stand-alone, but it's way more fun to read them in order.

I was lucky enough to be given an advanced copy of this book. Royal, Zade, and Nash. Holy hotness, Batman! I LOVED this book SO much! The connection between all three men was just amazing and so beautifully done. Each man had a strong connection with the other two, so all three felt equal in the relationship. That is really hard to accomplish, but this author did it perfectly. Each character was well developed, believable, and relatable. I connected with each one and immediately started rooting for their happiness. They are perfect for one another. I'm so excited to read the next book in the series because I've already fallen in love with the secondary characters as well. This book will be re-read a million times over!

This is one of the books I was most looking forward to reading this year and although the wait for it seemed excruciatingly long at times it was so worth it. Going Commando is funny, witty, cute and sexy as hell. Zade is strong and dependable, Royal is funny and smart and Nash is just so sweet, loving and loyal. I absolutely loved these guys as individuals and as a couple. The way their relationship developed into love was beautiful and the sex was hot!!!! And of course I just love that all the Heathens Ink gang is in the book. This is definitely a one click series for me.

I really really enjoyed this book. Royal is such a great guy. He's funny, loyal, and has a big heart. Zade is trying to figure out his life after the Marines, he's such a sweetheart. Nash is trying to figure out all these thoughts and feelings he's having for his best friend Royal but he has to face everything head on. These three are so perfect for each other. They have so much love to give. Just such a beautiful love story.

Loved this book. I love the way these 3 got on so well together I always wondered if in a menage relationship whether or not one person would be left out or become jealous but this is not the case

with this book Zade is so laxed and enjoys his men getting together and Royal is a horn dog which suits all 3. Great series a definite must read series.

I completely fell in love with Royal, Nash, and Zade, to see how love can truly make you whole is a wonderful thing. I highly recommend this book and the series so far. Can be read as a stand alone but its better if you read Rescue Me first to get the whole picture. You won't be disappointed.

Nste, Royal and Zade..love, love, love them. I didn't think I would, but I really enjoyed this book. I loved how seamlessly the relationship between the three of them meshed together. They just seem to work. Now patiently waiting for Adam's story.

K.M. Neuhold has become one of my favorite authors and I can't get enough of her Heathens Ink series! I waited with total impatience for this book and it totally lived up to my expectations:)The characters are so fun and the steamy parts are out of this world!

I read the first one in this series and I liked it but I was really excited for this one! This was an awesome story and very well written. The dynamic between these three men was amazing. I loved pretty much everything about this story. Definitely a re-read for me.
