Customer Reviews

This is a huge cookbook, it has lots of recipes for the Dutch Oven, from the soups and stews to the

sweet desserts, everything is covered here. It really can inspire you to use this wonderful method of preparing meals, that is definitely a big plus. There is something that is not so good in this book, and that is the formatting and general look of it. The author, or whoever is responsible for that side of the book, should really pay more attention to typos, mistakes, listing of ingredients etc. Even though the recipes are good, healthy and interesting, because of that visual side some of the people might feel that the book is rushed and unappealing to use. If you can get past that, that is great, because the content is really good.

This book has so many typo and editing errors that many of the recipes are unusable. I'm really disappointed. Luckily I'm a good enough cook to figure a lot of them out, but the omission of ingredients and often of cooking times or cooking times makes sure this will be one least used books on my shelf.

I thought this book would have tried and true recipes for dutch oven that one a one pan over the fire cooking method. I found that most recipes are identical, some recipes have incomplete instructions, the verbage is "strange" on some and many are not a one pot over the fire type.

A great many of the recipes leave out important information such as what temperature to set the oven at. This is a very poorly written book which only demonstrates the necessity of proofreading.

This is a very large collection of Dutch Oven recipes! In Fact there is a new recipe for every day of the year. I have heard Dutch Oven cooked food can be great for weight loss, so why not give it a try! The recipes are very simple and easy to follow. If you are in to cook clean delicious food I think you will enjoy this book.

A wonderful collection of fairly simple recipies. You are virtually guaranteed to find something everyone in your circle will enjoy.

I love reading recipes on cast iron dutch ovens, even if I don't have time to try them all.

There are a number of clerical errors. Disappointed with the recipes
