Customer Reviews

I got this book thinking that I would laugh a lot, but I had heard most of the jokes before. Most of

them are question answer format, and there were a lot of pikachu puns.

It is apslot Crap!Don't get this thing. Don't get thing its Crap at least the worse book in all world!

4 stars. I enjoyed this book because it was hilarious. I even shared it with my family. It was good.

I thought that the book was going to be long not short BOO BOO BOO BOO BOO BOO BOO BOO

Great book! My son loved reading this book and wanted to read more like it! Very well done for an 8 year old boy that doesn't like to read !

I love this book so much my sides are hurting right now today and I'm going to share it with my friends at school,but there's one mistake there should have been more memes just like the jokes in the book.

I enjoyed the jokes, they were clever and witty, would have liked more, hence the 4 star instead, but all in all thoroughly enjoyed!

I must have missed something because I just didn't get it. Perhaps these jokes are funny for very little children. I found no humor in these jokes at all, and the fact that the punch line was repetitive. It seemed like every other joke ended the same way. I was able to download this with credits I earned so thankfully I didn't pay for it. I gave it 2 stars instead of 1 because it has potential with a very young audience.
