What can I say, I absolutely loved this series and I am sad to see it end. I really hope Emilia Hartley does a part 2 to this series. It celebrates the fierce love between two people Amara and Nova a couple that should never be, but proved otherwise. This couple has been through a lot in this series, and through each traumatic event, it only brings them closer together. If you like supernatural stories about shifters of any kind, this is a great series. Each book in the series is a quick read that will have you hooked from the first few sentences. The way these stories are written, they start exactly how and where they left off, and they do not leave you hanging at the end. Well they do a little as I was so engrossed in the clans lives, I always want to see what happens next. Which is also why I am hoping that there will be a part 2 to this series. If not, it did have a great ending. Overall, this is a great series that if you like supernatural shifting books, this is a great love story. Emilia has a way of writing that is light hearted, yet captivates you from the first page, and the stories are a quick,, somewhat intense read. There are love making scenes, they aren't too graphic, but described more as two people who truly are making love and not just sex. There is some violence, and while the violence is somewhat graphic, it really isn't too bad, my jaw dropped a few times in anticipation of what the outcome was going to be. I am hoping it really doesn't end here.

I voluntarily reviewed an advanced reader copy of this series for my honest opinions. Protected by the Mountain Wolf: Loved the beginning of this series, Nova and Amara met 10 years earlier as Nova and his brother saved Amara and her 2 friends from a vicious attack from a rival clan. Now as Nova goes to Amara's work place to talk he is followed by Kal the rivals alpha son, who threatens to kill Amara. This is action packed with twists and a happy for now ending. Adored by the Mountain Wolf: I thoroughly enjoyed the story line, lots of action and intrigue and it was great to see Amara and Nova together. Emilia writes a beautiful story, sensual and steamy, will sweep you away. I can't wait for the next in this series. Mated to the Mountain Wolf: Emilia does it again another great plot, Nova and Amara are trying to plan a wedding, deal with a stalker so very intense, kept me hooked to the last page. I loved the great characters, was captivated and the sensual hot sexy chemistry just kept getting hotter and hotter, definitely panty wet moments. Married to the Mountain Wolf: I have loved the characters from this series, the humour, the sparks, the anti human pack members, the quiriness and the sensual, steamy romances. Although I'm a little sad to see this series end, I

know Emilia will have a new one to follow. I can honestly say I recommend this exciting series.
