## Customer Reviews

The map arrived on time and in good condition, it is easy to read with good detail

This map is durable, and will last. There is decent detail overall of the country. However, I would have liked to see more detail of the larger cities along the Black Sea area. Something on the order of a Thomas Guide. With that said, I am pleased with the product. US Army veteran

Outstanding. Best available.

Excellent map

Arrived on time, as advertised.

I used it to trace the Ukraine/Moldovan portion of a railroad journey I took thru the western part of the old Soviet bloc and was very pleased with it. In addition to the railway lines, it also contains city-center maps of Lvov/Lviv and Kiev, and an enlarged Crimean coast map. As a road map per se: I didn't use/need it, but I noted after the fact that it indicated a couple tiny Moldovan towns that I visited via bus while on a layover in Chisinau; and if those towns are pinpointed on the map, just about everywhere else must be too. Highly recommended.
