# Los Ojos De Carmen (Book On CD) (Spanish Edition)

## Synopsis

Los ojos de Carmen Audio CD is an Audio Book that consists on a set of two CD's. It is the audio version of Los ojos de Carmen, a short novella meant for Spanish language learners. It is part of the very popular Blaine Ray Series of Easy Readers. It was translated to English as The Eyes of Carmen and there is a French version Les Yeux de Carmen. Written in common everyday Spanish. Los ojos de Carmen is accessible and engaging. Daniel is a 16-year old American boy who wants to enter a photography contest. He travels to Ecuador, where he visits his uncle's family and also explores this diverse and intriguing country. On a day trip he meets Carmen, a girl with exceptional eyes. He wants to find Carmen again because he thinks he can win the contest with a picture of her. But he doesn't see her again until one day... Daniel frequently expresses his points of view about the cultural differences between the United States and the new country that he is discovering.

## Customer Reviews

Veronica Moscoso is an Ecuadorian writer who has traveled around the world and now lives in California. She has worked as a teacher, a journalist, an advertising copy writer, an editor TV producer and a radio producer. She is a keen observer of humanity. Her first book, titled *Historias con sabor a sueno*, was published in Ecuador.

I purchased these CD's to practice my understanding of spoken Spanish, and this product was very helpful in my practice. It is a surprisingly good storyline, that keeps you interested throughout. As an

advanced beginner, I found that the speed and vocabulary were sometimes challenging, and I needed to listen to some of the passages multiple times over until I could fully comprehend all that was being said. However, this definitely helped me grow and stretch in my understanding of the spoken language. Personally, I found that the added sound effects actually helped with the understanding, giving you a bit more information about what was being said. I would highly recommend this product to those "advanced" beginners, and intermediate learners who want to practice listening to and understanding spoken Spanish.

This set of little teaching novellas in Spanish are for me, at least, most ideal. I started with the Level I booklets and stopped when the grammar needed the past tenses. I got myself a Spanish Tenses workbook and worked that 3/4 thru. There ARE plateaus and I am willing to suffer thru those. I got back to the little novellas and continued. I am now on Level III. The index words do help, but I also use my dictionary and the 501 verb conjugation book, at times to verify if the past is the 2. or 3. tense. Still a little shakey here. But I see patterns. These little booklets are very well worth your time and money. Don't expect to have it all in super literary quality. Forget being Sherlock and looking for rhyme and reason or perfect sequencing of events. This is for teaching first, reading first and also some fun. I really can not believe how much I learnt!!! using Marcus Santamaria's system first up to Bola de Nieve, and then getting those self-teaching workbooks for prepositions, (I thought there really were only 7... like the Bear went over, thru, around... Oh was I in for some happy learning surprise) and the Tenses Workbook. I esp love the translations there. The answers are given.

Very clear, great narration. Easy to understand. Wonderful!

There were scratches on the poor quality cases; and one of the CDs showed definite signs of wear. I assumed I was buying new discs as has been the case with the many other books and CDs I have bought in this series

I would have given this CD a 5 star rating except for the extremely annoying background side effect noise. Otherwise good practice for for past participle and other verb forms.

I now see that the item is just two CDs. The reviews mention it being a book and CDs. There is no written material with this product.

our conversational spanish group is listening to the audio and reading the book. everyone has been enthusiastic about learning this way. found lots of good questions and back up for this on line. would highly recommend this for comprehension and practice in listening and speaking.

We read "Ojos de Carmen" in level 3 of Spanish HS. It is fun to listen to the story being read. They don't speak too fast. The pronunciation is very clear. Highly rec. these tapes to go along with the book.
