Customer Reviews

"Known for its four-color maps, photos and illustrations, the [DK] Eyewitness Guides are extremely user-friendly for travelers who want their information delivered in a concise, visual way." [Chicago Tribune](#)"The best option" Color photos, maps, and diagrams bring the place to life." [The Philadelphia Inquirer](#)

About DK Eyewitness Travel Guides: For more than two decades, DK Eyewitness Travel Guides have helped travelers experience the world through the history, art, architecture, and culture of their destinations. Expert travel writers and researchers provide independent editorial advice, recommendations, and reviews. With guidebooks to hundreds of places around the globe available in print and digital formats, DK Eyewitness Travel Guides show travelers how they can discover more. DK Eyewitness Travel Guides: the most maps, photography, and illustrations of any guide. --This text refers to an alternate Paperback edition.

I've bought DK Eyewitness Travel Guides for a number of countries I visited in the past so I didn't hesitate to buy the same brand for our upcoming trip to Cuba. I was very disappointed in this book. It's many fewer pages than other DK guides and that was reflected in the brief mention of so many places and things about Cuba. Even though I haven't been to Cuba yet, I knew about a number of places to visit that weren't mentioned in this guide. It's really a very superficial overview, leaving us to frequently say "but tell us more about that..." You also should know that the guide comes from England, a country where residents are free to travel to Cuba without restrictions. As an American with restrictions, I found that some of what was written wasn't relevant.

I always liked these travel books. But on this one, the font was small & the print was light grey so hard to read. The pictures & maps was excellent as usual. Not sure if I will buy this series again.

Even *our* hired Cuban tour guide found herself consulting it from time to time!

These are my favorite travel books. I've been buying them for years. I'd give 5 stars except on this particular book the print is very small & quite light & I cannot read it! Very frustrating.

Probably the most detailed guide on Cuba out there, complete with maps and photos.

Long time fan of DK guides. This one didn't disappoint. Other travelers asked to borrow it. Wish these guides came in larger print though as conditions for using them may not be as "reader friendly."

Because I wanted to read up a bit on Cuba before visiting the country, a friend loaned me her copy of DK's Eyewitness Travel Guide. After 15 minutes of browsing, I ordered my own copy so I could mark it up. I took a group tour, so I didn't use some sections (where to stay and eat). However, the general information sections and the ones about the areas I visited are now thoroughly highlighted and dog-eared along with scrawled notes. If you want in depth information, you might want to consider something longer, but I've traveled a lot internationally and I can say I definitely got my money's worth with DK's Cuba guide.

The DK series is good for a visual guide to a city or country. It supplements other guides which provide more specific written information. The DK Cuba book did have pictures of places in Cuba but the pictures in this particular book were not as good at giving me a sense of the place. The pictures were small and this sacrificed some of the quality of the photographs.
