Mountain Dew: Hillbilly Bottles

Synopsis

This book is the definitive encyclopedia of every known Mountain Dew Hillbilly bottle. From 1954 to the late 1960's Mountain Dew produced over 900 different Hillbilly bottles. These bottles have different names of owner, bottlers, family and even dogs. For the first time you get a complete list of every "Named Hillbilly Bottle", every "No Name Hillbilly Bottle", every "Returnable" and every "Non Returnable Hillbilly Bottle". But the list is really just the start. Within these 550+ pages are at least three pictures of all 976 Hillbilly bottles (over 3,000 pictures). The book also contains a detailed description of each and every bottle. A simple catalog system will help you identify your own bottles by a single unique number. When you tell another collector that you have bottle number #551, both of you will know the Name, Prefix and every single detail about that bottle. Additionally this book lists the price and rarity of every bottle. There is no list, no book, no set of pictures more complete than MOUNTAIN DEW: HILLBILLY BOTTLES.

I bought this for my wife who is an avid Mt. Dew fan and now a Mt. Dew bottle collector. She did not know there were so many different bottles and found this book that would help her in building her collection. She uses it to keep track of which ones she has and to help her keep an eye out for the rare ones. One day she hopes she will get a bottle cheap at a yard sale or flea market and then look in the book to find out it was one of the bottles worth a lot of money.

I acquired a bunch of Mountain Dew bottles, and I know the hillbilly ones are coveted more than any other pop bottles nationally. So I got this book, and, wow! Can you spell c o m p r e h e n s i v e? It

lists every hillbilly Mountain Dew bottle with multiple image shots, and it includes knockoffs like Kickapoo Joy Juice, with six primary pricing levels based on scarcity. Plus, there are numerous stories behind the "Filled By" names. I keep it in my car's glove compartment when I'm out "hunky junkin".

Very good resource for anyone that is a fan of Mountain dew

Really Clear and Concise Information and Pic's for the Bottles and it has Great periphery information and history inserts. I would recommend this for any mt.Dew Collector as a Must have.the only semi-eh for it is that the Pics could be Better :)

I never realized there was so much to the bottling of my all time favorite soft drink. Not only did I learn but it took me back to my youth when pop in bottles "meant" something. Very interesting, I just love it.

The guys that put this book together has done a heck of alot of research and tons of time was spent on getting it published. However, it is the most comprehensive in depth book on the market today for a Mt.Dew bottle collector.

This guide has been so helpful to myself and family. We have been collecting soda bottles for several years esp.Mtn Dew. It is so much fun to look up the bottle in the book and find its worth or to read the history of Mountain Dew yahoo!

Great book! Lots of great pics and great descriptions! A must have if u collect hillbilly Mountain Dew bottles!
