Customer Reviews

This is an excellent read. I've read several other books that have the most recent translations of the tablets the author discusses and it is quite interesting to read the author's initial findings while having the knowledge of the most recent translations in my mind. It is fascinating to read the author's thoughts on the subjects and information on how and where the tablets were found.

The Chaldean Account of Genesis. Is a great account of the Biblical beginning. It is amazing how the Christian version closely follows the Chaldean Account. A enlighten read; well worth the money...D

I find these kinds of books fascinating. This one fills in some gaps in my study of the ancient world.

This is a must read book

Where did some of the Old testament come from? read this

One of my many interests and very informative, I am so glad I purchased this book.

Great insight !trying to finish first read ...thanks ! ..

Awesome. Extremely informative and unbiased. Highly recommended
