Band Instruments - My Little Sound Book (My Little Sound Books)

Synopsis

This book introduces some great first facts about five instruments—the drum, the flute, the saxophone, the accordion, and the cello—accompanied by bright, colorful photographs of each instrument. A great noisy early learning board book! Christophe Boncens started his career as a graphic designer. Ten years ago, he decided he wanted to create stories for children, both as an author and an illustrator.

Customer Reviews

I'm a musician and I bought this for my friends' 1-year old, to start him early. He loved it! The sounds are great! The book is thick but it only has a few pages---the rest of the depth accounts for the electronics required to play the sounds.

Like it very much because it is a nice size for his hands. We all enjoy the pleasant short sounds each picture has. Wish there were more pages of instruments. The pictures are simple to see, not cluttered.

This book is a favorite of the young musician in the family. Choice of instruments seem odd but he enjoys the music anyway.

It's very quiet, which is nice in many respects!

The seller did an excellent job in processing the order however, the book itself falls short.

the sounds could be louder

Did not personally see the book, but grandchildren liked it.

Toddler LOVES these books. Keeps him happy in the car.
