Goodbye, Darkness: A Memoir Of The Pacific War

Synopsis

The nightmares began for William Manchester 23 years after WW II. In his dreams he lived with the recurring image of a battle-weary youth (himself), "angrily demanding to know what had happened to the three decades since he had laid down his arms." To find out, Manchester visited those places in the Pacific where as a young Marine he fought the Japanese, and in this book examines his experiences in the line with his fellow soldiers (his "brothers"). He gives us an honest and unabashedly emotional account of his part in the war in the Pacific. "The most moving memoir of combat on WW II that I have ever read. A testimony to the fortitude of man...a gripping, haunting, book." --William L. Shirer

Customer Reviews

Narrator Barrett Whitener...knows how to keep the writer in the limelight, letting the fun come from Manchester's style and content. Whitener's quiet manner sometimes morphs to a whisper in a delivery perfect for a warrior's memories. Although this is an entertaining memoir, it also serves as an excellent history of the Pacific Campaign. --AudioFileBelongs with the best war memoirs ever written. --Los Angeles Times When Manchester speaks of the awesome heroism and hideous suffering of the Marines he lived with and fought with, he is reverent before the mystery of individual courage and gallantry.--Baltimore Sun Gripping [Academy Award](#). It is impossible for an American to read this book without pride in what his country accomplished in those days of enormous challenge.--Christian Science Monitor --. --This text refers to an out of print or unavailable edition of this title.

Good book good read. Jumps around a bit but otherwise worth it!

Excellent book

A little hard to follow at times.

An engrossing account of the second world war in the pacific, told in a literate, well written manner. Manchester was a wonderful writer and his story-and it is his story, a combat Marine in the pacific-is captivating and comes with a moral.

I found it to be an insightful account of WWII in the Pacific theater. Having grown up during this period, I enjoyed it very much. Learned facts that I hadn't known before

Holey Moley! This is an awesome account of history as experience by a very young yet perceptive and mature Marine officer.

Very nice account of the war in the Pacific. Unbelievable challenges faced by our soldiers. I had to have an atlas open part of the time just to figure out where the action took place. Thank you to all the soldiers who went above and beyond to protect our freedom.

Manchester's great work is considered by many to be among, if not the, greatest war time memoir ever penned. With the style of a master not restricted entirely to reporting, he has prepared an opera of many movements. Stark and sublime, beautiful and ugly, this is a must read for WWII buffs.
