Month-By-Month Gardening In New Jersey: What To Do Each Month To Have A Beautiful Garden All Year

Synopsis

"Never garden alone! The Month-By-Month series is the perfect companion to take the guesswork out of gardening. With this book, you'll know what to do each month to have gardening success all year. Written by authors in your state, the information is tailored to the issues that affect your garden the most. When is the best time to plant trees and shrubs? Should I fertilize my lawn now? Is it time to prune my roses? What should I be doing in my garden this month? You'll find the answers to these questions and much more inside. This easy-to-use book highlights each of the ten major plant categories using a monthly format. It guides you through each month of the year, telling you exactly what your garden needs. It is like having an expert in the garden with you all year long. Valuable hints are located throughout the book, and beautiful photographs will inspire you. Written just for gardeners where you live, you can be confident that the information is right for you-and your garden will show it."

Customer Reviews

Pegi Ballister-Howells is the host of a call-in radio program, "The Garden Show," on WCTC-AM 1450 in New Brunswick. She also has her own 30-minute cable show on EBTV called "At Home With Pegi" and has worked with the New Jersey Farm Bureau, New Jersey Nursery and Landscape Association, Rutgers University Cooperative Extension, and the Vegetable Growers Association of New Jersey. Author of numerous gardening articles she currently writes the newsletter for the Vegetable Growers Association of New Jersey. She, her family and assorted pets, live on a ten-acre

farm, Blooming Acres, where they do extensive ornamental and vegetable gardening.

I love this book. It makes gardening in less overwhelming. great must have if you live in NJ and like gardening. Got it in great condition.

I just received my copy and already I'm behind on planting certain things-haha! I needed this book months ago to help prepare me for garden planting. I'm pretty new to gardening in that I'm actually taking it seriously and planting a rose garden(12 bushes), so I need a helpful guide to aid me along the way. Thank you for making this book available for NJ residents!

Just got a house and needed some helpful tips on plants, saw this book, bought it, and it has been terrific! Love how the chapters are all broken down in months. This book allows you to go month to month or you can read a whole year on one subject at a time. Easy to find what you are focusing on too. Love it and think if you live in NJ and want to have a great sense of how to manage your garden get this book!

I got this book in may and found it be extremely useful throughout the rest of 2010. It's broken into sections covering different types of plants, shrubs, trees, etc and for each category, provides guidance on what to prune/prep/fertilize, etc. A great addition to any gardener's bookshelf!

I have one of these for Arizona and this one is just what I expected.

Disappointed no pictures as it was a present for an inexperienced gardener.

nice book

We recently moved from a condo in Southern California to a house Northern New Jersey, and had no clue as to what to do in the yard for the upcoming winter other than rake. This book simplified things for us, is helping us plan for what we need to do in the next year, and prevented us from making some big novice mistakes. This would make a great housewarming gift or Christmas present for the new homeowner in your life!
