[...] As an artist, I love love LOVE the art in this book, I think its not only beautiful, but perfect for children. My son spent a lot of time just studying every colorful page. We read it twice in the first sitting because he was so happy! He's not yet 1, so getting him to sit still for story time is tough, and this book was such a hit he sat through it with nothing but a big smile and lots of pointing to the stuff he liked on the pages. I highly recommend this book :) Get it get it get it!" • Customer Review "Written in a very simple way but with a profound message for both adults and kids." • Customer Review "I LOVED it. Lots of repetition to help 'lil ones get used to structure and words! Many different words being used to help them improve their vocabulary (or pick the best word!). Most importantly, it sends a good message about how being unique and different is good. I STRONGLY suggest you check this book out!" •ESLCarissa.blogspot.com "readers will emerge from this book feeling slightly more confident about themselves whatever their size." •ForeWord Clarion Reviews Important Notice This Kindle book is a children's picture book - please use a device with a color display to read it This Kindle book features magnification areas - please use the zoom function of your device to magnify the book's text (usually activated by double-tap or double-click, take a look at the help pages of your device or reading app for details) This Kindle book is designed for large displays, e.g. tablets or computers - please use a device with a large display (free Kindle reading apps and Kindle Cloud Reader are available for every major tablet and computer) Tags: World Children's Book, Bilingual Children's Books, Bilingual Books, Emergent Bilingual, Bilingual Education, Foreign Language Learning, ESL, English as a Second Language, ESL for Children, ESL for Kids, ESL Teaching Materials, EFL, English as a Foreign Language, EFL Books, EFL for Children, ELL, English Language Learner, EAL, English as an Additional Language, Children's Picture Book, Dual Language, Foreign Language Study, ESOL, English for Speakers of Other Languages

Adorable ! I'm a middle aged man learning a new language and believe reading books in the language I'm trying to learn is key to accomplishing my goals of fluency! I'll start with elementary books and advance from there. This book is fun with enjoyable illustration! Memorizing words is not enough... Putting words in context tends to help you remember naturally and this book accomplished that ! I highly recommend this book and my strategy.

Wonderful colors, images, and well written. Sadly I didn't read all of the information well enough so you can imagine my surprise when I thought I was ordering a hardcover book but instead received a paper book. That said, the paper used is of much higher quality. Therefore it is certainly harder to rip- a common problem when you give my toddler a book. Overall, I am very satisfied with this book and happy to share a bit of our German history with my son, beginning our journey in teaching him to be bilingual.

Cute story outlining how size is relative. It's also bilingual. I think this would be great for kids learning German or learning English. I bought this for myself, simple story in German. But read it to my kids in English. I did a little German just to make my son giggle. It's so foreign for him - lol.

My 3 year old is bilingual (German and English) but I am slowly learning German - so we both enjoy this book.

Very cute. My kids love this book, and their German-speaking grandparents love that they can read it in German and have my daughter read the English words. Cute illustrations and cute story.

I would recommend for 3 and under. Very good book for the little ones to start hearing another language if they're not already. The book itself is well made and durable for a paperback. The illustrations are colorful and exciting.

As a teacher one of the things I love about this book is the fact that it is a total vocabulary lesson for size words (big, small, tiny, huge, etc) in a very cute story. I bought it for my nephew who is bilingual and he loves it.

I really really enjoyed this book. I read it several times because it brought back wonderful memories of first learning a different language, It is the kind of book you want to share with others. The illustrations are fun, playful. Kids will love them. Next time I will read it on a larger ereader so I can see the illustrations better
