# How To Become A Surrogate Mother: A Guide To Becoming A Surrogate And What You Should Know About Surrogate Motherhood

## Synopsis

If you're considering becoming a surrogate mother and want to know what all is involved, then this book is for you. Read on your PC, Mac, smart phone, tablet, or Kindle device. Surrogacy is a type of assisted reproductive technology that is gaining popularity for many couples unable to conceive a child. It has brought immense joy to many partners who have almost lost all hope of ever becoming parents. You may be considering surrogate motherhood either because a friend or family member asked you to carry their child, or simply because you want to be able to help others create a family. Either way, if you are looking at the possibility of being a surrogate, there are numerous questions that need to be answered and legal processes you must fulfill. All that can be overwhelming, even scary. This ebook is designed to help women considering surrogate motherhood to understand the process and be ready for what they might face. It details all the planning and preparation needed, the actual procedures, and the safeguards you must put in place to protect yourself. With this book, you can proceed into surrogate motherhood with open eyes and a ready mind to provide a service to another family in a most selfless way. Here Is A Preview Of What You'll Learn... What Surrogacy Is and Why More Couples are Opting for it How to Qualify as a Surrogate Mother The Steps to Take to Become a Surrogate Mother The Pros and Cons of Surrogate Motherhood How to Prepare for Pregnancy and Delivery Guidelines in Choosing the Right Surrogacy Agency Much, much more! ## Customer Reviews

This is an excellent book about Surrogate motherhood. It covered pretty much everything I need to know about surrogacy from qualifications to US laws associated with it, types, what is it for, who can benefit from it as well as its advantages and disadvantages. Every chapter gave valuable information about things to consider on becoming a surrogate mother. The tips and guidelines the author provided most particularly on what to do before pregnancy, during and after delivery of the baby are great additional to the book's content. The link explaining surrogacy law were very helpful, too. This book is worth the read. It is carefully written and full of good information. Excellent!

I wonder if any of these reviews were written by anyone who has actual, personal experience with surrogacy.... A lot of the language and terminology used in this publication is considered very outdated or even offensive in the surrogacy community. I would NOT recommend this to anyone interested in becoming a surrogate, especially not as something to rely on for factual information.

How to Become a Surrogate Mother is a fabulous thing to do! Talks about what surrogacy is- How to become a surrogate- Why people need surrogacy... This guide gives you all the information you need to make an informed choice if you are looking to take action. I like how the author keeps the writing inviting and informational and the chapters short and sweet. In my head that gives me bite size pieces of information I can process and use. Great guide to get you started with your family today or helping another couple live out their dream of having a baby.

This book contains a wealth of information on surrogacy. It covers all the important details, legal processes and safeguards you must consider when you are looking at the possibility of being a surrogate mother. While this selfless act may look really overwhelming and scary, when you have the proper information, preparation, and planning you will be calm and prepared for what you might face. I highly recommend this book as it is sure to calm any woman's nerves when it comes to being a surrogate mother and help her make this important decision.

This book contains great information you need to know about how to become a surrogate, and

explained them very well. I also like the way the author always point out the important issue beyond the surface, such as how a decision to become a surrogate mom would affect her children and husband. As well as from very very beginning to the very end, how a mother's attitude should be with the child and also what to expect. Great book, I'd recommend another mother to read this one about becoming a surrogate mother!

I found the information in this book to be very educational and helpful. Reading the book, I found that it answered every question I had about surrogacy and what I needed to know. For me, this is recommended to anyone who needs to know more or doesn't even know about this subject. This book will help you with that.

If you have been looking for the details and insights on How to Become a Surrogate Mother consider this Book. I really appreciate the details from the author that I had not thought about before reading this Guide. This information assures me that I have knowledge of all aspects of Surrogacy. Thank you!

What you will find in this book is the legal, health, emotional, and economical perspectives about becoming a surrogate mother. There is lots of information of A-Z to answer the questions you are looking for. It's a great guide to solve essential problems you are being faced with.
