Her Trusted Highlander - A Thistle & Hive Tale: The Mackalls Of Dunnet Head

Synopsis

Katriona Hughes has no idea how she managed to find herself in 16th century Scotland, but she's beginning to think the emerald gem she picked up on an archeological site may have had something to do with it. Wanting nothing more than to return to her own time, Kat is betrayed by the first person she meets and forced into a marriage with a loathsome stranger. Now running for her life, Kat meets the one man who deserves her trust, but can she give it to him. Nick Mackall is happy to finally be back in his beloved Scotland after accidentally being transported to twenty first century San Francisco and spending the last two years of his life there. His home and family are calling to him, but things are not about to go smoothly for the handsome highlander as he meets a young woman fleeing her husband and an old foe returns from the dead. Two things are certain - he must gain the woman's trust in order to save her and he must stop his foe from unleashing the power of an imprisoned sorcerer.

Customer Reviews

Wonderful, fun, sad, drama, adventurous and romantic. Well developed characters. You felt and saw everything in your mind and body. I only had one tiny editing error. That's when Aleck was

packing to go home and the name Nick was there. Threw me for a second. Went back to reread and said oops. Completely forgivable. I look forward to buying more of her books.

My passion is for books that have strong characters and I wasn't disappointed in this book. The plot was good and the story moved quickly. There were some areas I would love to see described more in detail. Overall it is a good read.

I am terrible at reviews, but I can say that this story kept me on my toes. I was so afraid of something bad happening again, and again. I love the way Jennae Vale tells her stories. I look forward to all her books.

A very enjoyable read. It held my interest throughout and left me sad that it was over. I definitely look forward to more fantastic escapes through Ms. Vale's writing. Do not hesitate to try one!

I so enjoyed reading this series of books. Each one is special in its own right but as a series, the characters are even more enjoyable. Glad to see Malcolm get his, finally!

While a time travel it didn't have all the confusion of someone trying to fit into a different time period. Great characters, plenty of romance and some action.

Highlanders, time-travel, and faeries. What more could you ask for? Toss in a power hungry set of bad apples all looking out for number one while trying to backstab the other, and that's how you come to learn the story of Kat and Nick.

Kate and Nick had both been sent through time in order to find each other. Their trials and tribulations were all worth the anguish they sometimes felt.
