HOGTIED: A Dark Bad Boy Baby Romance (Satan's Chaos MC)

Synopsis

I'll keep her tied up until she gives me what I want: A baby. I was running from the law when I came across a bonfire in the desert. Crazy girl burning her ex's car? Check. Hot as hell and desperate for a revenge f**k? Check. The last person in the world I should be associating with? Check, check, and checkmate. But she's too damn perfect for me to stay away. I needed to lie low for a while, and the best place to hide is in plain sight. So I take a job guarding a reality star in the middle of an emotional breakdown. After all, no one would expect a criminal like me to be swimming in the rich kid end of the pool. Her glitzy diamonds and ritzy dances are a far cry from the leather and liquor I'm used to. But Francesca Savoy is temptation in a tight black dress. And she's falling off her high horse—Right into my tattooed arms. I'll let her keep thinking she's the one running the show. She doesn't know that she's falling for me. That every touch, every tease, every rough, sweaty f**k is getting her more and more ensnared in my trap. I want one thing: a baby. And no one is gonna stop me from getting it. Not her ex. Not her mother. Not even Francesca herself. HOGTIED is a standalone contemporary bad boy baby romance. It features hot sex between consenting adults. It also includes three bonus novels so you never have to stop reading!

Enjoyable read.

This book does not disappoint and grabs you from the first page!! Logan is the President of his MC, but when his second in command frames him for a murder, he takes off from the only thing he has ever known. While on the run, he comes across a burning car in the desert and gives the woman torching the car a ride home. Francesca starts offering him money to try and make her ex-boyfriend jealous. She believes she has to win him back since he is the best she will ever get. However, Logan can show her that she should be treated like a princess and a desirable woman, will she believe him and listen? When opposites attract, can they make it work? Can she help save him while he is saving her from her current life? This book has murder, mystery, suspense, drama, scandal and hot steamy sex scenes that may melt your kindle!! I voluntarily received an ARC from the author.

Logan is a MC pres. He is framed by his second for the murder of someone in another MC. So he takes off on his motorcycle. After driving a few days, he comes across a pretty blonde in the desert. Francesca is a reality tv star. She's in the desert burning her cheating boyfriends car amongst other things, now she's stuck without transportation lol. Along comes Logan and she offers him money to take her home. He sticks around because not only is she paying him now her mother is paying him

to be her body guard. He thinks she's beautiful and they fall in love. His past catches up to him and she ends up saving him from jail. He doesn't feel worthy and the ex ends up back in the picture. Fast forward ~ they end up back together and have a baby. This is a standalone with a HEA. I voluntarily rec this arc from the author.

Nicole Fox does a phenomenal job telling this MC story. This one is awesome. This is Logan and Francesca story. When you least expect it love has a way of finding you

After reading this I know I need to read more from Nicole. This is more than just an MC book. This is about becoming someone better for the sake of love. I absolutely loved this book. There were some parts where I really wanted to throw my phone because of some of the stuff that was happening. But in the end I realized that that is what needed to happen to make this book so darn good and interesting. Amazing character chemistry with two very strong characters who bring out the best in each other. The characters were very well written and enjoyable to read about. I absolutely loved this book and cannot wait to read more from this author. Highly recommend grabbing this one and others by this author.

I voluntarily reviewed an Advanced Reader Copy of this book. Logan is the President of his MC who takes off after being betrayed by one of his own. (Even worse, it was his 2nd who framed him for murder). He winds up finding Francesca in the desert burning her ex's car. Of course, that leaves her stranded so she takes a ride with Logan. Turns out Francesca is a reality star and her mother winds up hiring him to be Francesca's bodyguard. Of course, they fall for each other. Of course, the past tries to catch up with them. When it does, though, who will save who and will they ever find their HEA? I really enjoyed this book and highly recommend it.
