Percorsi: L'Italia Attraverso La Lingua E La Cultura (3rd Edition) - Standalone Book

Synopsis

Percorsi has quickly become one of the best-selling elementary Italian programs of its kind. The new Third Edition features Ritorno a Roma, an educational romantic comedy filmed on location in Rome, Siena, and Naples, a vibrant new design, even more focus on skill-development, updated cultural information, and expansion of MyItalianLab. Percorsi promotes the acquisition of Italian language and culture through a media-rich program that integrates the “five Cs” principles of the National Standards for Foreign Language Education. Building on the success of earlier editions, the Third Edition is designed to provide beginning learners with a variety of tools to develop their communicative competence in the four major language skill areas—listening, speaking, reading, and writing—as they acquire familiarity with Italian culture. At its core is a brand new film, Ritorno a Roma. Produced by the 2012 Golden Globe winner for Best Short, Ritorno a Roma is the first educational romantic comedy created exclusively for learners of beginning Italian. The film, created to support the learning of Italian for users of Percorsi and exclusively written with students in mind, takes place in Roma and features scenes in Roma, Gaeta, Napoli, and Siena. It follows the trials and tribulations of four main characters—Taylor, Giulia, Elena, and Roberto—as Roberto attempts to win a national recording contract for the band that he manages. Ritorno a Roma provides an engaging, natural context for the practice of structure and vocabulary, while introducing students to colloquial language and providing them a firsthand look at Italian life and culture. There are some errors in the book itself and writing penned in the margins

worked for my class

Great condition, fast shipping. Cheap rentals for the semester or how ever long you need! Would recommend!

The book was in great shape with no writing at all.

renting was super easy and super cheap and returning it was easy since I kept the box i got it in.

What's a matter you? I wanna learn Italiano. My teach says buy this book. It's fine; came quick; cost \$0.23. Now I can talk to my Nonna. Great deal.

Great textbook, great purchase. Shipping was normal, price was good, book was in great condition. The only thing I would say about the book is it has a little bit of writing in it, but nothing damaging or detrimental to the book's usefulness. Just some stars around important points, and a few highlightings; very few of each though. Overall a great purchase, much much cheaper than any bookstores, and in much better condition than any used books I have bought before. Thank you!

I liked the actual product but it took two weeks to get here even though they were only shipping from the state right next to me. The quality of the book was great. I just didn't have my book the first three weeks of class.
